Everyone Is Not Doing It:

Everyone Is NOT Doing It Jamie L. Mullaney, 2006 Labels like vegan virgin or nonsmoker get thrown around to identify forms of abstinence but for many abstainers such labels are also proud declarations of who they are Setting aside the moral debates and psychological assessments surrounding abstinence Jamie L Mullaney here asks why it is that the act of not doing something plays such a crucial role in the formation of our personal identities Based on interviews with individuals who abstain from habits as diverse as sex cigarettes sugar and technology *Everyone Is NOT Doing It* identifies four different types of abstainers quitters those who have never done something and never will those who haven't done something yet but might in the future and those who are not doing something temporarily Mullaney assesses the commonalities that bind abstainers as well as how perceptions of abstinence change according to social context age and historical era In contrast to such earlier forms of abstinence as social protest entertainment or an instrument of social stratification not doing something now gives people a more secure sense of self by offering a more affordable and manageable identity in a world of ever expanding options

Absorbing affecting thrilling often funny this book is very different from other war memoirs It was the first on the ground account of Dunkirk to be published in 1942 and lacks nothing in the immediacy of its telling The narrative is gripping and the style is revolutionary immersing the readers in the emotional and psychological turbulence of the author s experience and making them feel they are living through it themselves The result is a stunningly authentic and involving record of one of the defining episodes of twentieth century British history Editor N H Reeve provides a lucid critical and biographical Afterword and includes two extracts from an unfinished work by Gwynn Browne in which his idiosyncratic stream of consciousness style is used to describe the London Blitz and the mood of the civilian population in wartime *Pamphlet for Life* Arthur

The Making of Americans - Gertrude Stein Gertrude Stein,2025-03-03 The Making of Americans by Gertrude Stein is an experimental modernist novel that explores themes of identity history and the nature of American culture The novel presents a detailed and repetitive narrative about the lives of the Dehning and Hersland families using an unconventional stream of consciousness style that reflects Stein s interest in linguistic rhythm and psychological depth Through this fragmented and abstract approach Stein examines the ways in which individuals and families evolve over generations capturing the essence of human behavior and societal change Since its publication The Making of Americans has been recognized as a groundbreaking work in modernist literature challenging traditional narrative structures and redefining the novel s form Its emphasis on repetition variation and observation creates a unique reading experience that mirrors the process of memory and perception Though complex and demanding the novel has been influential in literary circles inspiring later experimental writers The novel s enduring significance lies in its ambitious attempt to chronicle the American experience through language and structure rather than conventional plot The Making of Americans remains a landmark of literary innovation offering readers a profound meditation on identity transformation and the fluidity of personal and collective history
