## **Evangelical Futures A Conversation On Theological Method:**

**Evangelical Futures** John Gordon Stackhouse, 2000 All the contributors to this project agree that evangelical theology needs to attend to dimensions of its task beyond the question of the nature and interpretation of the Bible We hope that these essays will be worthwhile in both affirming our evangelical common ground as a distinctive tradition in contemporary theology and provoking us all to develop that tradition more carefully and creatively to meet the needs of our time from the preface

*Beyond Evangelicalism* Steven Knowles, 2010 A prolific author and thinker Stanley J Grenz was a respected and influential figure not only within evangelicalism but in the wider theological world Amongst the many issues tackled by him it is perhaps his revisioning of evangelical theology in the light of the postmodern challenge that has caused the biggest stir in the theological world Advocating a nonfoundationalist methodology Grenz attempts to re position evangelical theology in line with postmodern concerns This will be the first book length treatment on Grenz s work on theological methodology and therefore will break new ground in this important area of study

J. I. Packer and the Evangelical Future (Beeson Divinity Studies) Timothy George, 2009-10-01 J I Packer is one of the most significant evangelical theologians of the last one hundred years In this book a team of leading scholars including Chuck Colson Mark Dever Timothy George Bruce Hindmarsh Edith Humphrey James Earl Massey Alister McGrath David Neff and Richard John Neuhaus assesses Packer s impact on evangelicalism over the past half century and asks what more we can learn from him about ministry and the evangelical future J I Packer himself offers a response and reflection The book also includes a full bibliography of Packer s writings which is the most comprehensive listing of his writings in print

**The Futures of Evangelicalism** Craig G. Bartholomew, Robin Parry, Andrew West, 2004 An insightful assessment of the current state of evangelical affairs and the varied directions evangelicalism is poised to take Contributors include Alister McGrath Eugene Peterson I Howard Marshall Gregory J Laughery Stephen Lazarus Robin Parry and Andrew West

*Congregational Hermeneutics* Andrew P. Rogers, 2016-05-20 Despite many churches claiming that the Bible is highly significant for their doctrine and practice questions about how we read the Bible are rarely made explicit Based on ethnographic research in English churches Congregational Hermeneutics explores this dissonance and moves beyond descriptions to propose ways of enriching hermeneutical practices in congregations Characterised as hermeneutical apprenticeship this is not just a matter of learning certain skills but of cultivating hermeneutical virtues such as faithfulness community humility confidence and courage These virtues are given substance through looking at four broad themes that emerge from the analysis of congregational hermeneutics tradition practices epistemology and mediation Concluding with what hermeneutical apprenticeship might look like in practice this book is constructively theological about what churches actually do with the Bible and will be of interest to scholars students and practitioners

**Re-Envisioning Transformation** David C. Scott, 2018-09-14 In today s church use of the term transformation has become commonplace Various perspectives are offered on what a Christian view of transformation is and

on how it may be achieved These often conflicting views suggest an ecclesial landscape characterized by pluralism division fragmentation confusion relativism individualism pragmatism and subjectivism Despite the current interest in transformational theology the absence of a common coherent and integrated vision and the lack of transformation is often accepted and affirmed Re Envisioning Transformation looks at the possibility of moving toward a vision of transformational theology that is cohesive unified broad effectual and distinctly Christian In this book the contributions of two radically different theologians of the Christian life are examined This provides the basis from which to develop a comprehensive and integrated framework of transformational theology pointing God's people toward the need to express and live out a distinctly Christian vision

*Evangelicals Engaging in Practical Theology* Helen Morris, Helen Cameron, 2022-03-30 This book aims to introduce a distinctively evangelical voice to the discipline of practical theology Evangelicals have sometimes seen practical theology as primarily a liberal project This collection however actively engages with practical theology from an evangelical perspective both through discussion of the substantive issues and by providing examples of practical theology done by evangelicals in the classroom the church and beyond This volume brings together established and emerging voices to debate the growing role which practical theology is playing in evangelical and Pentecostal circles Chapters begin by addressing methodological concerns before moving into areas of practice Additionally there are four short papers from students who make use of practical theology to reflect upon their own practice Issues of authority and normativity are tackled head on in a way that will inform the debate both within and beyond evangelicalism This book will therefore be of keen interest to scholars of practical evangelical and Pentecostal theology

Yarbrough Covenant Seminary      **The Pastor Theologian** Gerald Hiestand, Todd A. Wilson, 2015-06-23 Pastoral ministry today is often ruled by an emphasis on short sighted goals pragmatic results and shallow thinking Unfortunately those in the academy tend to have the opposite problem failing to connect theological study to the pressing issues facing the church today Contemporary evangelicalism has lost sight of the inherent connection between pastoral leadership and theology This results in theologically anemic churches and ecclesial anemic theologies Todd Wilson and Gerald Hiestand contend that among a younger generation of evangelical pastors and theologians there is a growing appreciation for the native connection between theology and pastoral ministry At the heart of this recovery of a theological vision for ministry is the re emergence of the role of the pastor theologian The Pastor Theologian presents a taxonomy of the pastor theologian and shows how individual pastors given their unique calling and gift set can best embody this age old vocation in the 21st century They present three models that combine theological study and practical ministry to the church The Local Theologian a pastor theologian who ably services the theological needs of a local congregation The Popular Theologian a pastor theologian who writes theology to a wider lay audience The Ecclesial Theologian a pastor theologian who writes theology to other theologians and scholars Raising the banner for the pastor as theologian this book invites the emerging generation of theologians and pastors to reimagine the pastoral vocation along theological lines and to identify with one of the above models of the pastor theologian

The Trinitarian Theology of Stanley J. Grenz Jason S. Sexton, 2013-09-12 Exploring one of the most controversial figures in recent evangelical theology this book thoroughly examines core features of Stanley J Grenz s Trinitarian vision

**Canonical Theology** Peckham, 2016 What are the roles of canon and community in the understanding and articulation of Christian doctrine Should the church be the doctrinal arbiter in the twenty first century In Canonical Theology John Peckham tackles this complex ongoing discussion by shedding light on issues surrounding the biblical canon and the role of the community for theology and practice Peckham examines the nature of the biblical canon the proper relationship of Scripture and tradition and the interpretation and application of Scripture for theology He lays out a compelling canonical approach to systematic theology including an explanation of his method a step by step account of how to practice it and an example of what theology derived from this canonical approach looks like      **Karl Barth in North America** John Peter

Lewis, 2009-04-01 This study looks at the formation of theology as it emerges out of biography Indeed the biography of the theologian is the key to unlocking the meaning of his or her writings and a valuable tool for a thorough investigation of their work There will be a focus on the biography of Karl Barth and how this relates to his theological writings Attention will then be turned on a group of North American theologians to analyze how Barth s theology has influenced their personal experiences and corresponding theologies The personal experience of the theologian provides the background to the theological judgments she or he makes and therefore provides valuable insight into what she or he has written Experiences in the theologian s life determine how she or he forms and communicates the ideas that the experiences have given rise to

Indeed theologians profoundly connect with readers as they write theology as an expression of their experiences of faith Therefore this book contends that there is a necessary connection to be made between the theologian as a person and the theology that emerges out of her or his unique biography Indeed it will be argued that theology is born out of the lived encounters of the theologian that develop into the kind of personal convictions passions concerns questions and a motivation to connect with others that is evident in her or his writing Consequently theology and theologian are inseparable
