HBR Guide to Crafting Your Purpose John Coleman,2022-01-11 Stop searching for purpose

Build it We're living through a crisis of purpose. Surveys indicate that people are feeling less connected to the meaning of their work, asking, "How do I find my purpose?" That's the wrong question. You don't find your purpose; you build it. The HBR Guide to Crafting Your Purpose debunks three common myths about purpose: that purpose is found, that you have only one, and that it stays the same over time. Packed with stories, tips, and activities, this book teaches you how to cultivate more meaning in your life and work and endow everything you do with purpose. You'll learn how to find the reason behind your work, identify what makes you feel happy and fulfilled, use job crafting to transform your role, build positive fulfilling relationships, connect your work to service, and arm yourself with the advice you need to succeed on the job with the most trusted brand in business. Forget about the hard bargain. Whether you're discussing the terms of a high-stakes deal, forming a key partnership, asking for a raise, or planning a family event, negotiating can be stressful. One person makes a demand, the other concedes a point. In the end, you settle on a subpar solution in the middle if you come to any agreement at all. But these discussions don't need to be win or lose situations. Written by negotiation expert Jeff Weiss, the HBR Guide to Negotiating provides a disciplined approach to finding a solution that works for everyone involved. Using a seven-part framework, this book delivers tips and advice to move you from a game of concessions and compromises to one of collaboration and creativity, resulting in better outcomes and better working relationships. You'll learn how to prepare for your conversation, understand everyone's interests, craft the right message, work with multiple parties, disarm aggressive negotiators, and choose the best solution. **Resources in Education**, 2001-04. *Work from Anywhere: The HBR Guides Collection (5 Books)* Harvard Business Review, 2023-06-13.
