Cash For Childcare The Consequences For Caring Mothers:

Cash for Childcare Jorma Sipila, Katja Repo, Tapio Rissanen, 2010-01-01 This insightful book examines the meaning and impacts of cash for care systems for mothers of small children The contributors present a comprehensive overview of the major political and economic contradictions and theoretical debates concerning cash for care and explore the possibility of implementing it into the social policy system The Politicization of Parenthood Martina Richter, Sabine

Andresen, 2012-02-29 This book explores changes in the relationship of families and the state and the shifting borders of public and private responsibility in education child care and childrearing Covers the trend toward attempts at socio political control of private life **The Mainstream Right and Family Policy Agendas in the Post-Fordist Age** Giovanni Amerigo

Giuliani, 2024-06-03 Anchored in a new theoretical framework that combines the insights of a variety of sociological and political science approaches this study offers an understanding of the changes in the Mainstream Right s family policy preferences and their drivers over time and across countries The Decommodification of Early Childhood Education and Care Michel Vandenbroeck, Joanne Lehrer, Linda Mitchell, 2022-12-30 The Decommodification of Early Childhood Education and Care Resisting Neoliberalism explores how processes of marketisation and privatisation of ECEC have impacted understandings of children childcare parents and the workforce providing concrete examples of resistance to commodification from diverse contexts Through processes of marketisation and privatisation neoliberal discourses have turned ECEC into a commodity whereby economic principles of competition and choice have replaced the purpose of education The Decommodification of Early Childhood Education and Care Resisting Neoliberalism offers new and alternative understandings of policy and practice Written with co authors from diverse countries case studies vividly portray resistance to children as human capital to the consumentality of parents and to the alienation of the early childhood workforce Ending with messages of hope the authors discuss the demise of neoliberalism and offer new ways forward As an international book with global messages contributing to theory policy and practice regarding alternatives to a neoliberal and commodified vision of ECEC this book offers inspiration for policy makers and practitioners to develop local resistance solutions It will also be of interest to post graduate students researchers educators and pre service educators with an interest in critical pedagogy ECEC policy and ECEC practice **The Oxford Handbook of Family Policy Over the Life Course** Mary Daly, Birgit

Pfau-Effinger, Neil Gilbert, Douglas J. Besharov, 2023 Drawing on a multidisciplinary group of experts from many countries this Handbook is intended to be a reference work that provides students and scholars in policy related disciplines a wide ranging perspective on the diverse ways that family policies respond to modern issues and trends over the life course The Handbook is divided into two main parts The first part offers a panoramic introduction to the setting and issues which contemporary family policies have been designed to address The second part and main body of the volume is organized around four benchmark periods that encompass the main stages of the family life cycle and social policies that are called into

play during these stages

The Costs of Children David G. Mayes, Mark Thomson, 2012-01-01 Finally here is a book that provides a long overdue holistic analysis of childcare Written in a clear style The Costs of Children breaks new ground in demonstrating how political choices about childcare have different impacts on equality of opportunity in Europe After reading this book one never again will view childcare as a private concern It is essential reading for anyone wanting to understand the realities of European integration democratic policy making and the gendered consequences of bearing and rearing children Yvonne Galligan Queen s University Belfast UK This informative book explores the fair allocation of the costs of childcare in European countries and suggests that greater choice is required to reduce the current tendency to discriminate against mothers The expert contributors provide an assessment of how countries can handle the fair allocation of the costs of childcare They look at the experience within Europe in recent years and show in particular how these interrelate with the objectives of improving income employment and social inclusion The book s conclusion reveals that choice is the key ingredient as families have different views and different degrees of support available from their relatives Income and social inclusion can provide choice but ironically employment does not always An employment based model can sometimes narrow people s choices particularly for people on low wages The major concern is that most existing systems effectively discriminate against mothers This is the first book to consider the democratic implications of social welfare systems It provides an up to date assessment of the pressures on parents in deciding how to raise their children under restricted incomes For many families practical decisions about childcare are found at a local level These will depend on the immediate factors that affect them such as the availability of local nurseries or a family s ability to draw on voluntary networks of support What is clear however is that many of these arrangements discriminate against women Researchers and practitioners in the field of social policy and childcare in particular will find this book insightful Graduate students of social policy will also find some practical examples to make their courses more relevant

Public Childcare Provision and Fertility Behavior Sandra Krapf, 2014-02-19 The author analyzes the relationship between the availability of public childcare for children under age three and the decision to have a first child One would expect that providing women with the option of returning to work soon after childbirth would reduce the anticipated negative effects of having a child on a woman s career However existing research results on this relationship are inconsistent

Changing Social Risks and Social Policy Responses in the Nordic Welfare States I. Harsløf, R. Ulmestig, 2013-10-29 The Nordic welfare states have found themselves in the firing line of post industrial developments resulting in fundamental changes and new social needs to attend to This book explores responses to changing social risks across areas such as structural unemployment entrepreneurship immigration single parenthood education and health

The Policies of Childcare and Early Childhood Education Katja Repo, Maarit Alasuutari, Kirsti Karila, Johanna Lammi-Taskula, 2020-01-31 This timely book reveals how policies of childcare and early childhood education influence children s circumstances and the daily lives of families with children Examining how

these policies are approached it focuses particularly on the issues and pitfalls related to equal access

Handbook of Social Policy Evaluation Bent Greve, 2017-03-31 This Handbook uses methodologies and cases to discover how and when to evaluate social policy and looks at the possible impacts of evaluation on social policy decisions The contributors present a detailed analysis on how to conduct social policy evaluation how to be aware of pitfalls and dilemmas and how to use evidence effectively

Privatization of Early Childhood Education and Care in Nordic Countries Håkon Solbu Trætteberg, Karl Henrik Sivesind, Maiju Paananen, Steinunn Hrafnisdóttir, 2023-09-08 This book explores the increasing role of private providers in early childhood education and care ECEC as they become a core part of the Nordic welfare model one that once rejected for profit involvement in public welfare Within this context ECEC has become the key battleground over private providers role in the welfare system Chapters compare five Nordic countries Iceland Finland Denmark Sweden and Norway to discuss possible benefits from having different types of providers public nonprofit and for profit in the welfare mix To conclude the authors also provide a comparative perspective on governance of the ECEC sector and on the development and functions of the Nordic welfare model

Families with Children in a Turbulent Era Katja Repo, Mia Tammelin, Petteri Eerola, 2025-02-12 This book analyses how turbulence is interwoven into the everyday life of families with children thus becoming personal and intimate Chapter authors use empirical data to highlight the contextual and relational nature of both global and local challenges affecting families discussing complex dynamics across health work and the environment

Local Welfare Policy Making in European Cities Dagmar Kutsar, Marjo Kuronen, 2015-04-24 This book focuses on how EU welfare policies are implemented at the local level in 11 European cities and how local policy making addresses women s care responsibilities The book studies the complex combination of and the relationships between local political processes policies institutions structural conditions and outputs as well as outcomes for the women s labour market integration It demonstrates how cultural settings and multi level governance patterns form the playground for local policy makers to formulate their welfare policies concerning service provision The book further demonstrates how local production systems and the situation of the local labour market influence the prospects that women have in working and caring EU welfare policy promotes the labour market integration of women as well as gender equality The provision of adequate care services is vital in supporting women s employment Within comparative welfare research the focus has been on the national welfare systems and policies even if care services are overwhelmingly provided by local authorities that in many EU member states enjoy considerable autonomy This book fills the gap in understanding local welfare policy making from a comparative perspective

The Wiley Blackwell Companion to the Sociology of Families Judith Treas, Jacqueline Scott, Martin Richards, 2017-08-14 Written by an international team of experts this comprehensive volume investigates modern day family relationships partnering and parenting set against a backdrop of rapid social economic cultural and technological change Covers a broad range of topics including social inequality parenting practices children s work changing patterns of

citizenship multi cultural families and changes in welfare state protection for families Includes many European North American and Asian examples written by a team of experts from across five continents Features coverage of previously neglected groups including immigrant and transnational families as well as families of gays and lesbians Demonstrates how studying social change in families is fundamental for understanding the transformations in individual and social life across the globe Extensively reworked from the original Companion published over a decade ago three quarters of the material is completely new and the remainder has been comprehensively updated *Never Enough* Neil Gilbert,2017 *Never Enough* challenges the prevailing assumptions about the decline of middle class prosperity opportunity and material well being in the United States In a careful reading of the evidence and a critical analysis of its implications Gilbert demonstrates the extent to which the customary progressive claims about the severity of poverty inequality social mobility and the benefits of universalism not only distort the empirical reality of modern life in an era of abundance but confound efforts to help those most in need **Cashing in on Education** Mercedes Mateo Díaz,Lourdes Rodriguez-Chamussy,2016-10-04 Investments in education across countries in Latin America and the Caribbean have transformed the lives of millions of girls and the prospects of their families and societies Unleashing the full economic potential of women is nevertheless still a curtailed issue in the region just about half of women are unable to participate in paid work The majority of the population out of the labor market is women between the ages of 24 and 45 This is the largest share of the available pool of unused human capital countries have and where mothers of young children are concentrated This book argues that more and better childcare constitutes a fundamental policy option to improve female outcomes in the labor market but countries need to pay particular attention to the design and features of such services First rate educational programs will be useless if children are not enrolled or do not attend formal education centers Through an integrated framework applied to each country and an overview of the existing evidence this book addresses the why and what questions about policy relevant instruments to achieve female labor participation Moreover this book tackles the how question contributing to the incipient evidence about factors affecting the take up of programs and demand for childcare services and other informal care arrangements

Nannies, Migration and Early Childhood Education and Care Elizabeth Adamson,2016-11-16 In recent years changes in the labor market including an increase in the number of young working mothers has led to a rapid growth of employment for nannies throughout the Western world That rapid growth however has come with an increase in long nonstandard working hours and in the context of a lack of regulation or of affordable flexible solutions to the demand for early childhood education and care This book offers empirical research and comparative analysis of in home childcare in Australia the United Kingdom and Canada three nations where governments are actively recruiting migrant workers as an affordable childcare solution showing how in home childcare is ultimately if indirectly supported by government early childcare policy and migration policy Handbook on Gender and Social Policy Sheila Shaver,2018-09-28 Providing a state

of the art overview this comprehensive Handbook is an essential introduction to the subject of Gender and Social Policy Bringing together original contributions and research from leading researchers it covers the theoretical perspectives of the field the central policy terrain of gender inequalities of income employment and care and family policy Examining gender and social policy at both the regional and national level the Handbook is an excellent resource for advanced students and scholars of sociology political science women s studies policy studies as well as practitioners seeking to understand how gender shapes the contours of social policy and politics *Women, Men and Children in Families* ,2013 Research Handbook on Leave Policy Ivana Dobrotić,Sonja Blum,Alison Koslowski,2022-12-06 Featuring contributions from leading international scholars of social policy this dynamic Research Handbook provides a comprehensive overview of conceptual and methodological developments in leave policy research as well as state of the art findings on leave policy determinants and outcomes globally This title contains one or more Open Access chapters
