Dos and don'ts of LinkedIn profile photos

Do's

Get a professional photographer

It's worth the investment to get a professional headshot. Your profile picture is your first impression.

Look personable

You don't want to look like a robot. Smile and show your personality. It's a great way to stand out.

Use most of the frame

Your face should be centered, taking up most of the frame. Avoid too much background or too much head.

Choose a familiar picture

Keep your picture familiar. Use a photo that you've used in other contexts. It's easier for people to recognize you.

Don'ts

Be professional

Avoid anything that might be considered unprofessional or inappropriate. Keep it business-appropriate.

Balance formality

Don't be too formal or too casual. Find a balance that works for your industry and personality.

Leave fido out

It's a nice touch, but leave your dog out of your LinkedIn profile picture.

Keep the background neutral

Don't let your background distract from your face. Keep it simple and professional.
