

# 1964 CHEVELLE SHOP MANUAL

## FOREWORD

This manual is designed to provide the service man with complete information on the maintenance and repair of various units of the 1964 Chevelle.

An effort has been made to produce a manual that will serve as a ready reference book for the experienced service man and also cover step-by-step procedure for the guidance of the less experienced man.

The Section Index on the title page enables the user to locate quickly any desired section. At the beginning of each section containing more than one major subject is a Table of Contents, which gives the page number on which each major subject begins. An Index is placed at the beginning of each major subject within the section.

Summaries of Specifications and Special Tools are found at the end of each major section.

This manual should be kept in a handy place for ready reference. If properly used, it will enable the mechanic to better serve the owners of Chevelle vehicles and thereby build or maintain a reputation for reliable service.

All information, illustrations and specifications contained in this literature are based on the latest product information available at the time of publication approval. The right is reserved to make changes at any time without notice.

CHEVROLET MOTOR DIVISION

General Motors Corporation  
DETROIT, MICHIGAN
