

# Costa brews up innovative new eco-pod for Telford

## New concept coffee shop at Wrekin Retail Park to open next week

Costa, the UK's favourite coffee shop, will open a groundbreaking new 'Eco Pod' store at Wrekin Retail Park next week (Saturday 4th April).

With the latest in environmentally-friendly building design and packed full of innovative energy saving technologies, the Eco Pod will be the first 'zero energy' coffee shop building in the UK.

Costa has developed the cutting-edge building design and fit out in partnership with Hammerson, the retail property specialist, which owns the retail park and facilitated the delivery of the new concept store. Costa will lease the building.

The new Eco Pod will provide all of the irresistible quality food and beverage menu choices available in 'regular' Costa coffee shops but, crucially, all of this will happen inside a 'zero energy' building.

'Zero energy' is achieved through passive ventilation and innovative construction techniques which mean that the energy required to heat and cool the building is minimised and that the low amount of energy that is required for building temperature control will come from solar PV cells embedded in the specially curved roof, balancing out overall.

Indigenous communities as partners rather than beneficiaries and align their mission with greater knowledge and understanding of Indigenous Peoples States are recommended to ensure compliance with international regulations and strengthen their capacity in this regard The recommendation for Indigenous Peoples is to include among their assets the impact and interaction with the non Indigenous world and finally it is recommended that international organizations move towards the binding nature of international agreements on the matter among other recommendations **Bible to Go!**
