Bitches on a Budget Rosalyn Hoffman, 2009-12-29 A witty recession era guide to being thrifty while not forgoing the fabulous Today's woman may have a dwindling stock portfolio but that shouldn't make her bite one well manicured nail with worry Rosalyn Hoffman dishes up the wisdom women need to get perfect style without busting what's left of their bank accounts The author is a recession era fashion guru travel agent grooming consultant therapist sommelier and life coach all rolled into one and with this book vows no coupon clipping Prada depriving carb hating allowed Because it doesn't take oodles of moola to live well and that's one trend that will never go out of style

PEAK Chip Conley, 2017-10-17 Proven principles for sustainable success with new leadership insight PEAK is the popular transformative guide to doing business better written by a seasoned entrepreneur CEO who has disrupted his favorite industry not once but twice Author Chip Conley founder and former CEO of one of the world's largest boutique hotel companies turned to psychologist Abraham Maslow's Hierarchy of Needs at a time when his company was in dire need And years later when the young founders of Airbnb asked him to help turn their start up home sharing company into a world class hospitality giant Conley once again used the principles he'd developed in PEAK In the decade since this book's first edition Conley's PEAK strategy has been developed on six continents in organizations in virtually every industry The author's foundational premise is that great leaders become amateur psychologists by understanding the unique needs of three key relationships with employees customers and investors and this message has resonated with every kind of leader and company including some of the world's best known from Apple to Facebook Avid users of PEAK have found that the principles create greater loyalty and differentiation with their key stakeholders This new second edition includes in depth examples of real world PEAK companies including the author's own at Airbnb and exclusive PEAK leadership practices that will take you and your company's performance to new heights Whether you're at a startup or a Fortune 500 company at a for profit nonprofit or governmental organization this book can help you and your people reach potential you never realized you had Understand how Maslow's hierarchy makes for winning business practices Learn how PEAK drove some of today's top businesses to success Help employees reach their full potential and beyond Transform the customer experience and keep investors happy The PEAK framework succeeds because it elevates the business from the inside out These same principles apply in the boardroom the breakroom and your living room at home and have proven to be the foundation of healthy fulfilled lives Even if you think you're doing great you could always be doing better and PEAK gives you a roadmap to the next level

My Graduation Maria Morales, 2005-12 I started writing my book the first day that I started taking classes at College of the Canyons I didn't write the book in printing I wrote in my heart The title of my book is My Graduation because I finished the day I graduated I took my first class in the spring semester of 1989 my final class in the spring semester of 2005 My book talks about my struggles to get an education while raising a family as well as the nostalgia for my old country and my love for my new country In my

book I invite people to read and write I also want to send a message of love and hope for a better life In my book I want to send a message of love and hope How do I wish that every immigrant learns English as soon as they come to this country How do I wish that every woman would achieve a college education Yes it is hard but not impossible The young woman that came to this country with a big desire of an education finally did it In my book I invite people to read and write and I want to send a message of love and hope for a better life

The Web at Graduation and Beyond Gottfried Vossen, Frank Schönthaler, Stuart Dillon, 2017-08-17 This book provides a comprehensive treatment of the rapidly changing world of Web based business technologies and their often disruptive innovations The history of the Web is a short one Indeed many college graduates today were not even born when the Web first emerged It is therefore an opportune time to view the Web as having reached the point of graduation The Web has led to new ways in which businesses connect and operate and how individuals communicate and socialize related technologies include cloud computing social commerce crowd sourcing and the Internet of Things to name but a few These developments including their technological foundations and business impacts are at the heart of the book It contextualizes these topics by providing a brief history of the World Wide Web both in terms of the technological evolution and its resultant business impacts The book was written for a broad audience including technology managers and students in higher education It is also intended as a guide for people who grew up with a background in business administration or engineering or a related area but who in the course of their career paths have reached a point where IT related decisions have become their daily business e g in digital transformation The book describes the most important Web technologies and related business applications and especially focuses on the business implications of these technologies As such it offers a solid technology and business focused view on the impact of the Web and balances rules and approaches for strategy development and decision making with a certain technical understanding of what goes on behind the scenes

Tradition Daniel Khalastchi, 2015-04-14 The wildly imaginative poems in Daniel Khalastchi's *Tradition* bring to life a speaker struggling to find a balance between familial pressure and personal identity religious faith and a recognition of the world's calamities A first generation Iraqi Jewish American and graduate of the Iowa Writers Workshop Khalastchi's much anticipated follow up to his award winning debut is a surreal cri de coeur a darkly humorous wonderland too fantastical and fresh to be doubted **I Know How She Does It** Laura Vanderkam, 2017-01-03 Everyone has an opinion anecdote or horror story about women and work Now the acclaimed author of *What the Most Successful People Do Before Breakfast* shows how real working women with families are actually making the most of their time Having it all has become the subject of countless books articles debates and social media commentary with passions running high in all directions Many now believe this to be gospel truth Any woman who wants to advance in a challenging career has to make huge sacrifices She's unlikely to have a happy marriage quality time with her kids assuming she can have kids at all a social life hobbies or even a decent night's sleep But what if balancing work and family is actually not as hard as it's made out to be What if all those tragic anecdotes ignore the women who quietly but consistently do just fine with the juggle Instead of relying on scattered stories time management expert Laura Vanderkam set out to add hard data to the debate She collected hour by hour time logs from 1 001 days in the lives of women who make at least 100 000 a year And she found some surprising patterns in how these women spend the 168 hours that every one of us has each week Overall these women worked less and slept more than they assumed they did before they started tracking their time They went jogging or to the gym played with their children scheduled date nights with their significant others and had lunches with friends They made time for the things that gave them pleasure and meaning fitting the pieces together like tiles in a mosaic without adhering to overly rigid schedules that

would eliminate flexibility and spontaneity Vanderkam shares specific strategies that her subjects use to make time for the things that really matter to them For instance they Work split shifts such as seven hours at work four off then another two at night from home This allows them to see their kids without falling behind professionally Get creative about what counts as quality family time Breakfasts together and morning story time count as much as daily family dinners and they re often easier to manage Take it easy on the housework You can free up a lot of time by embracing the philosophy of good enough and getting help from other members of your household or a cleaning service Guard their leisure time Full weekend getaways may be rare but many satisfying hobbies can be done in small bursts of time An hour of crafting feels better than an hour of reality TV With examples from hundreds of real women Vanderkam proves that you don t have to give up on the things you really want I Know How She Does It will inspire you to build a life that works one hour at a time *Below Zero* Ali Hazelwood,2022-07-05 From the New York Times bestselling author of The Love Hypothesis comes a new steamy STEMinist novella It will take the frosty terrain of the Arctic to show these rival scientists that their chemistry burns hot Mara Sadie and Hannah are friends first scientists always Though their fields of study might take them to different corners of the world they can all agree on this universal truth when it comes to love and science opposites attract and rivals make you burn Hannah s got a bad feeling about this Not only has the NASA aerospace engineer found herself injured and stranded at a remote Arctic research station but the one person willing to undertake the hazardous rescue mission is her longtime rival Ian has been many things to Hannah the villain who tried to veto her expedition and ruin her career the man who stars in her most deliciously lurid dreams but he s never played the hero So why is he risking everything to be here And why does his presence seem just as dangerous to her heart as the coming snowstorm To read Mara and Sadie s stories look for the novellas Under One Roof and Stuck with You available now from Berkley The Blood Series, Books 1-8 Tamara Rose Blodgett,2019-03-10 better than 50 shades This WHOLE series is AWESOME Michelle Turner Save 25% over individual purchase From New York Times and 1 Dark Fantasy bestseller Tamara Rose Blodgett comes True Blood meets Twilight in a dark tale of twisted loyalties where one woman s blood is the salvation for both vampires and werewolves Nearly 2000 pages of BLOOD Vampire and werewolf soldiers seek a prophesied female of supernatural heritage for survival This is my all time favorite series This is one that you definitely cannot put down Be prepared to be emotionally pulverized Included Novels with individual star ratings BLOOD SINGERS 4 0 BLOOD SONG 4 3 BLOOD CHOSEN 4 3 BLOOD REIGN 4 5 ANGELIC BLOOD 4 7 BLOOD ENCHANTMENT 4 8 REDEPTIVE BLOOD 4 6 BLOOD CROWN 4 5 Average cross series star rating 4 5 Over half a million words nearly 2 000 pages Search Terms urban fantasy gothic free freebie free ebook free romance free vampire free romance ebook free fantasy book free dark fantasy free lycan free werewolf free romance book paranormal vampire quick read short serial romance free romance books free romance book romance free freebie free book free ebook free romance ebook free romance book free romance novel free book free romance books free fantasy free paranormal teen young adult
