Living Through Loss Nancy R. Hooyman, Betty J. Kramer, Sara Sanders, 2021-08-31 Living Through Loss provides a foundational identification of the many ways in which people experience loss over the life course from childhood to old age It examines the interventions most effective at each phase of life combining theory sound clinical practice and empirical research with insights emerging from powerful accounts of personal experience The authors emphasize that loss and grief are universal yet highly individualized Loss comes in many forms and can include not only a loved one's death but also divorce adoption living with chronic illness caregiving retirement and relocation or being abused assaulted or otherwise traumatized They approach the topic from the perspective of the resilience model which acknowledges people's capacity to find meaning in their losses and integrate grief into their lives The book explores the varying roles of age race culture sexual orientation gender and spirituality in responses to loss Presenting a variety of models approaches and resources Living Through Loss offers invaluable lessons that can be applied in any practice setting by a wide range of human service and health care professionals This second edition features new and expanded content on diversity and trauma including discussions of gun violence police brutality suicide and an added focus on systemic racism

Counselling for Grief and Bereavement Geraldine M Humphrey, David G Zimpfer, 2007-12-18 The authors have done their homework in reading and consulting with the prominent literature especially regarding children All this effort gives the book a solid background foundation and makes it readable and well usable for both lay counsellors and professional providers and for all of us who are engaged in the delicate and rewarding endeavor of Grief Therapy Naji Abi Hashem Clinical Cultural Psychologist Berkeley California Praise for the First Edition The book provides an absorbing and challenging journey through the possible process involved in bereavement work and encourages one to think broadly about how one can approach a bereaved person this was a book I enjoyed reading very much and which I found both theoretically sound and practically helpful Bereavement Care Cruse Counselling for Grief and Bereavement Second Edition is a bestselling introductory guide for professionals who work

with people experiencing bereavement through death and other forms of loss Focusing on practical assessment and intervention strategies Geraldine Humphrey and David Zimpfer guide readers through the essential theory and skills needed to work with clients in a way which sensitively facilitates the process of grief initiates healing and promotes a sense of growth Setting out the broad principles for practice the authors go on to show how these can be applied in working with individuals families and groups and in relation to specific issues including chronic and life threatening illnesses palliative care and complicated grief Carefully chosen case examples illustrate the counselling process while specific attention is paid throughout to ethical considerations and the possible need for referral This fully revised and updated Second Edition features a new chapter on working with children and adolescents both from the perspective of young people who are grieving losses and those who are receiving palliative care as patients While focusing on the practical the book provides a firm theoretical base by explaining key concepts such as attachment grief and resilience Geraldine M Humphrey is Counsellor in the Department of Psychology at the North Canton Medical Foundation specializing in death illnesses and non death and grief David G Zimpfer is former Director of the Cancer Center of Ohio

Grief and Bereavement in Contemporary Society Robert A. Neimeyer, Darcy L. Harris, Howard R. Winokuer, Gordon Thornton, 2021-09-08 Grief and Bereavement in Contemporary Society is the authoritative guide to the study of and work with major themes in bereavement The classic edition includes a new preface from the lead editors discussing advances in the field since the book's initial publication The book's chapters synthesize the best of research based conceptualization and clinical wisdom across 30 of the most important topics in the field The volume's contributors come from around the world and their work reflects a level of cultural awareness of the diversity and universality of bereavement and its challenges that has rarely been approximated by other volumes This is a readable engaging and comprehensive book that shares the most important scientific and applied work on the contemporary scene with a broad international audience It's an essential addition to anyone with a serious interest in death dying and bereavement

Counseling the Contemporary Woman Suzanne Degges-White, Marcela Kepic, Wendy Killam, 2020-05-22 This book provides a comprehensive exploration of the challenges women may face as they navigate the multiple roles that they carry Attention is given to the unique cultural identities that women embody and suggestions are provided to help counselors acknowledge the various aspects of each client's intersectional identity In addition to theory we provide suggestions for practical application of relevant interventions and strategies for helping women achieve their goals A foundation is provided that explore the multiple layers of development that occur during adolescence adulthood midlife and older adulthood Women face numerous challenges related to identity development and relationships These challenges can generate psychological and emotional distress that lead women to seek professional assistance in finding solutions to their issues With more choices than in generations past women can face unexpected and unanticipated challenges and barriers to their individual and relational development This book is organized around contemporary developmental and relational rites of

passage women experience in adulthood Traditional rites of passage include birth menarche marriage and death These events still hold significance but women s lives today follow expanded and complex trajectories Numerous transitions such as attending college navigating employment opportunities and the relational challenges that women face in various areas of life are presented and addressed in this book from a clinician s perspective providing practitioners with insight and practical knowledge In this book we cover choices related to such topics as career relationships parenthood and support networks We also explore the struggles that women face including abuse depression anxiety feelings of low self worth loss and addictions Best practices in counseling women are highlighted and utilized in case study examples The relationships created by women impact their lives and this book helps the reader to gain insight into how women can take ownership for their relationships and choices

Grief Work in Addictions Counseling Susan R. Furr, Kathryn Hunsucker, 2022-03-24 *Grief Work in Addictions Counseling* is a book for practitioners and students in the field of substance abuse counseling who encounter grief and loss issues with clients recovering from addiction Enlightening the reader about loss its relation to addiction and the need to grieve these losses this book provides specific strategies and techniques that readers can apply to both individual clients and counseling groups Chapters address multicultural themes to help clinicians design treatments that will meet the needs of diverse genders sexual orientations cultures ages and spiritual orientations This book is useful both for professionals and as a supplemental textbook for students preparing to become addictions counselors

Working with the Bereaved Simon Shimshon Rubin, Ruth Malkinson, Eliezer Witztum, 2012 *Working With the Bereaved* summarizes the major themes in bereavement research and clinical work and uses the authors e tm own cutting edge research to show mental health practitioners how to integrate these themes into their practice It provides clinicians with a framework for exploring their own emotional and intellectual assumptions about loss and bereavement and it goes on to summarize state of the art thinking in the field The heart of the book focuses on the theoretical and clinical implications of the empirically validated Two Track Model of Bereavement as well as a variety of therapeutic techniques designed to help the bereaved both reapproach life and manage their continuing bonds with the deceased The later chapters examine methods for integrating systems and family perspectives in therapy for attending to the implications of culture and religion and for meeting crises and emergencies in bereavement care The concluding chapter addresses self care well being and resilience offering practical guidelines for both the bereaved and those who treat them

Favorite Counseling and Therapy Techniques Howard G. Rosenthal, 2011-01-19 In the new edition of this highly popular book Howard Rosenthal once again brings together a group of prominent therapists who share their insightful pioneering and favorite therapeutic techniques These therapists include such well known figures as Albert Ellis Arnold Lazarus William Glasser Raymond Corsini and Allen E Ivey Many of the classic entries in the previous edition are once again included some unaltered and others updated while several new chapters have been added to reflect the newest advancements in the counseling field For practitioners wondering what methods to use

when working with clients and what they can prescribe for them between sessions or for those who simply are interested in gaining insight into the thoughts and minds of such eminent therapists the more than 50 entries in this text are sure to be both highly useful and exciting reads

The Pragmeme of Accommodation: The Case of Interaction around the Event of Death Vahid Parvaresh, Alessandro Capone, 2017-06-02 This volume brings together a wide array of papers which explore among other things to what extent languages and cultures are variable with respect to the interactions around the event of death Motivated by J L Mey's idea of the pragmeme a situated speech act the volume has both theoretical and practical implications for scholars working in different fields of enquiry As the papers in this volume reveal despite the terminological differences between various disciplines the interactions around the event of death serve to provide solace not only to the dying but also to the family and friends of the deceased thus helping them to accommodate to the new state of affairs
