**Country Life** ,2006      *The Castle* John Goodall,2022-03-22 A vibrant history of the castle in Britain from the early Middle Ages to the present day The castle has long had a pivotal place in British life associated with lordship landholding and military might and today it remains a powerful symbol of history But castles have never been merely impressive fortresses they were hubs of life activity and imagination John Goodall weaves together the history of the British castle across the span of a millennium from the eleventh to the twenty first century through the voices of those who witnessed it Drawing on chronicles poems letters and novels including the work of figures like Gawain Poet Walter Scott Evelyn Waugh and P G Wodehouse Goodall explores the importance of the castle in our culture and society From the medieval period to Civil War engagements right up to modern manifestations in Harry Potter Goodall reveals that the castle has always been put to different uses and to this day continues to serve as a source of inspiration      Country Life Illustrated ,2009      **Country Life Picture Book of London in Colour. Volumes I and II.** ,1967      **Then and Now** Joan Coutu,2015-07-01 In the mid eighteenth century English gentlemen filled their houses with copies and casts of classical statuary while the following generation preferred authentic antique originals By charting this changing preference within a broader study of material culture Joan Coutu examines the evolving articulation of the English gentleman Then and Now consists of four case studies of mid century collections Three were amassed by young aristocrats the Marquis of Rockingham the Duke of Richmond and the Earl of Huntingdon who consistent with their social standing were touted as natural political leaders Their collections evoke the concept of gentlemanly virtue through example offering archetypes to encourage men toward acts of public virtue As the aristocrats matured in the politically fractious realm of the 1760s such virtue could become politicized A fourth study focuses on Thomas Hollis who used his collection to proselytize his own unique political ideology Framed by studies of collecting practices earlier and later in the century Coutu also explores the fluid temporal relationship with the classical past as the century progressed firmly situating the discussion within the contemporaneous emerging field of aesthetics Broadening the focus beyond published texts to include aesthetic conversations among the artists and the aristocracy in Italy and England Then and Now shows how an aesthetic canon emerged embodied in the Apollo Belvedere the Venus de Medici and the like which shaped the Grand Manner of art      Country Life Picture Book of London ... *"Biography, Identity and the Modern Interior "* Penny Sparke,2017-07-05 Through a series of case studies from the mid eighteenth century to the start of the twenty first this collection of essays considers the historical insights that ethno auto biographical investigations into the lives of individuals groups and interiors can offer design and architectural historians Established scholars and emerging researchers shed light on the methodological issues that arise from the use of these sources to explore the history of the interior as a site in which everyday life is experienced and performed and the ways in which contemporary architects and interior designers draw on personal and collective histories in their practice Historians

and theorists working within a range of disciplinary contexts and historiographical traditions are turning to biography as means of exploring and accounting for social cultural and material change and this volume reflects that turn representing the fields of architectural and design history social history literary history creative writing and design practice Topics include masters and servants in eighteenth century English kitchens the lost interiors of Oscar Wilde s House Beautiful Elsa Schiaparelli s Surrealist spaces Jean Genet outlaws and the interiors of marginality and architect Lina Bo Bardi s Glass House S Paulo Brazil      *Shakespeare Reproduced* Jean E Howard, Marion F O'Connor, 2013-09-13 First published in 1987 The essays in *Shakespeare Reproduced* offer a political critique of Shakespeare s writings and the uses to which those writings are put Some of the essays focus on Shakespeare in his own time and consider how his plays can be seen to reproduce or subvert the cultural orthodoxies and the power relations of the late Renaissance Others examine the forces which have produced an overtly political criticism of Shakespeare and of his use in culture Contributors include Jean E Howard and Marion O Connor Walter Cohen Don E Wayne Thomas Cartelli Peter Erickson Karen Newman Thomas Moisan Michael D Bristol Thomas Sorge Jonathan Goldberg Robert Weimann Margaret Ferguson      *John Channon and Brass-inlaid Furniture, 1730-1760* Christopher Gilbert, Tessa Murdoch, Victoria and Albert Museum, 1993-01-01 A reinvestigation of brass inlaid furniture made between 1730 1760 usually attributed to the Channon workshop Research indicates that there were five London cabinet makers specializing in this furniture This is the catalogue for an exhibition in Leeds on 22nd September 1993 and later in London      **London Pictures** Richard Lovett, 1890      *British Sporting Periodicals* M. archaeological vision of the British landscape reassured and enchanted a number of writers, artists, photographers and film makers. From John Piper, Eric Ravilious and Shell guide books to photographs of bomb damage, aerial archaeology and *The Wizard of Oz*, Kitty Hauser delves into evocative interpretations of the landscape and looks at the affinities between photography as a medium to capture traces of the past as well as their absence. *After Elizabeth* Leanda de Lisle, 2007-12-18. Leanda De Lisle brilliantly captures the atmosphere of dangerous uncertainty and furtive intrigue that characterized the last years of Elizabeth's reign. *The Sunday Telegraph* London. Exciting and exacting. No fictional characters of film or novel can match the reality of the participants in this fascinating historical drama. *The Wall Street Journal* December 16, 2002. After forty-four years on the throne, Queen Elizabeth is in decline. The kingdom is also waning, weakened by the cost of war with Spain and the simmering discontent of both the rich and the poor. The stage has been set at long last for succession. But the Queen, who famously never married, has no heir. Elizabeth's senior relative is James VI of Scotland, Protestant son of Elizabeth's cousin Mary, Queen of Scots. But as a foreigner and a Stuart, he is excluded under English law from the throne. The road to and beyond his coronation will be filled with conspiracy and duplicity, personal betrayals and political upheavals. Bringing history vibrantly to life, Leanda de Lisle unfurls a rich tapestry of scenes and players. As the Queen nears the end, we witness the scheming of her courtiers for the candidates of their choice, blood-soaked infighting among the Catholic clergy as they struggle to survive in the face of persecution, the widespread fear that civil war, invasion or revolution will follow the monarch's death, and the signs, portents and ghosts that seem to mark her end. Here too are the surprising and to some dismaying results of James's ascension and the lasting historical implications of this crucial period in British history. Leanda de Lisle's keenly modern view of this tumultuous time gives us intimate insights into the political power plays and psychological portraits relevant to our own era. *After Elizabeth* is a unique look at a pivotal year and a dazzling debut by an exciting new historian. ***The First (second) Country Life Picture Book of London, Etc*** P.P. - London. - Country Life, 1954. *The Photography Handbook* Terence Wright, 2016-01-08. The new edition of *The Photography Handbook* builds on previous editions, illuminating overview of the history, theory and practice of the creation and consumption of photographic images and engages with the practical and theoretical implications of the explosion of new platforms for making, viewing and distributing images. New materials in this edition include new chapters on Photo elicitation and Photography and Technological Change, exploration and analysis of selfie culture and extensive discussion of the work and practices by a new generation of photographic artists. *The Photography Handbook* Third edition also features exploration and discussion of key photographic terms including composition, framing, visualisation, formalism and realism, analysis of the ethics of photojournalism and ethical issues specific to digital photography practice today, case studies illustrating different photographic production practices and specific related issues including an assignment for *The Guardian*, the Libyan People's Bureau siege and the work of war photographers, a foregrounding of digital photographic practices and
