Torrevillas, M.D.,2011-03 From early childhood through high school medical school and in his practice of Medicine in the Philippines and Australia he had encountered strange experiences some snatched him from the claws of death These experiences Part I inspired him to write this book The author's mother during World War II had a near death experience She was told to take care of the eldest the author because God has a design for him Is this call now 65 years later coming to its fulfillment At age 20 a voice communicated with the author At age 30 he was possessed for 20 minutes and messages were given to him At 48 Jesus Christ appeared before him in the cloud There are many other strange encounters in the life of the author A key was given to him to DECODE the symbolologies in the Book of Revelation What is the real meaning of 666 The Dragon With Seven Heads and Ten Horns and many more Are these delusional Read carefully the book **Going Within** Vanessa Albright,2022-10-19 This is the memoir of how I went from being an emotionally unhappy fearful candle in the wind person to becoming a happy calm stable and well balanced person This is about the journey I took to get there which was a long difficult ride but I finally arrived a much happier person I took a hard look at what was going on inside of me and found out what triggered my pain and suffering Looking back I realize the journey was so worth it What on Earth Are We Doing Here? Elaine A. Piha,2011-03-15 What on Earth Are We Doing Here Exploring the Case for Human Suffering by Elaine A Piha C C M A Book Description Have you ever watched the evening news and wondered why there is so much pain and destruction in our world Have you ever wondered why so many bad things happen to seemingly good people perhaps yourself So often when something bad happens it appears to be nothing more than meaningless suffering But what if your challenging experiences were actually loaded with hidden meaning meaning that you yourself selected before you were even conceived Could it be that you are the sole entity responsible for your circumstances that no other source is to blame for your current state of affairs We plan our life challenges before birth in a process called pre birth planning not for the mere principle of enduring pain but for the personal growth that it affords our soul Thus human suffering has the noble purpose of teaching compassion as we each travel our own spiritual path Giving meaning to our suffering is vital to our growth as a whole Understanding the adversity in our lives leads to personal acceptance freedom and fulfillment Feelings of fear anger and resentment are replaced with the motivation to extract as much meaning as possible from each earthly experience This shift removes us from the victim role and places us in the driver's seat of our own lives Love and Immortality William Pillow,2008-05 An

autobiographical love story and a scientific and metaphysical discussion about death God our souls the spirit world and reincarnation It also discusses the implications of how we live our lives based on love eternity and theological concerns Page 4 of cover *Discovering the Life Plan* Ann Merivale,2012-04-27 This book goes through the WHOLE of life in stages but it begins not at birth or even conception but in the planning stage in what is known by Tibetans as the Bardo the inter life stage when important decisions are made re ones chief purpose s in the forthcoming life the main lessons that need to be learnt the karmic debts to be paid and the main cast of characters Some people choose a happy life living with a soul mate while others realise that they will learn more overcome more important challenges and complete more of their karma by living a life on their own or one with more pain and difficulty And the book ends not at death but rather shows how death is not the end describing some fictional post death scenarios It includes numerous true case histories many of which demonstrate the impact of previous lives on a persons present life and each chapter is followed by useful self help exercises Above all it shows how there is a good reason for everything that happens in life **Your Passport to Alternative Spirituality and the After-Life** Maureen Perez,2022-09-27 My reason for writing this book is to address the many opinions people have about alternative spirituality topics and what happens when we die There are many fearful ideas about death personal responsibility and sin I want to provide an alternative view of these subjects I firmly believe that our Creator would never cause us to suffer in any way shape or form That energy is of a loving parent who disciplines us when we need it and loves us unconditionally *Souls United* Ann Merivale,2009 Every one of us longs for the pure joy and sense of completeness found in reuniting with our other half But how do you find and recognize your twin soul Cover p 4 *Identity and the Quartered Circle* Dorothy Louise Abrams,2013-06-28 Identity and The Quartered Circle is an eclectic Wiccan discussion of the search for identity through the power of a cast circle and the four directions The book defines the Circle as a container for magic A chapter on psychological identity follows From casting a circle to meeting the Elementals and winged spirits of faerie the author leads the reader on a personal journey in consciousness At its conclusion we can speak intelligently of merger with the Gods and Oneness and the reader can answer the big four questions Who Am I Why am I here Where did I come from and Where am I going Spirituality Beyond Science and Religion William Pillow,Jack McMahan,2012-05 Spirituality means something different to everyone Some may believe it involves participating in organized religion Others may prefer it to be more personal like getting in touch with one s inner self through yoga meditation quiet reflection or even long walks A few may find that it lies in finding a new sense of purpose for their lives Spirituality Beyond Science and Religion addresses all of these and more through a new paradigm about life and death It lifts readers above their daily press for competitive survival and success by going to the heart of all spirituality The book disputes traditional science s claim that physical matter is the only reality It also helps explain enigmas that have confronted orthodox religion for centuries To do so this book correlates published research from nearly one hundred and fifty authors and professionals in medicine neuroscience psychology

theology history and metaphysics It explores new insights being revealed through thousands of subjective experiences around the world all of them beyond the ability of science or religion to explain The book therefore not only offers reassurance that death is not final but it also discloses profound implications for how we live our lives on earth Parenting Magic Karen Shaw,2020-08-18 The instruction book that didn't come with your child A comprehensive guide to being the best parent you can be connecting and communicating in a conscious and confident way with your children so that you can both enjoy a great relationship and you can help them shine their unique brilliance in the world This is a new paradigm exploring the importance of energetic communication and kinetic parenting with concepts philosophies strategies and ideas drawn from NLP hypnotherapy spiritual practices and the latest brain and heart research which reveals that we are communicating far more to our children than we think we are *Vital Signs for Cancer Prevention* Xandria Williams,2012-07-24 *Vital Signs for Cancer Prevention* suggests that cancer is a two phase process In Phase One you do not yet have and may never have cancer but predisposing factors poor diet and digestion toxins adrenal exhaustion and blood sugar imbalances among others can progressively and cumulatively increase your likelihood of developing it Phase Two begins when the first permanent transformed or cancerous cells form and are not destroyed by your defenses Understanding that the predisposing factors of the first phase lead toward the second can help you prevent the onset of cancer by correcting or minimizing those that apply to you Author Xandria Williams takes a natural therapies approach to healing cancer one based on an understanding of nutrition herbal medicine homoeopathy osteopathy and energy medicine rather than one based strictly on medicine drugs and surgery She sees cancer as a problem that affects the whole body not just the organ or system that is faulty and thus her recommendations are systemic rather than aimed specifically at the tumor Her main emphasis is on a series of scientifically validated tests many of which can be self administered she proposes that provide vital information as to the state of your health She also describes the CA profile a test that can indicate the presence of permanent cancer cells within the first six weeks and possibly years before a tumor can be detected allowing a crucial warning and the time to start an effective recovery program Williams suggests a number of supplements specific foods and other remedies detox procedures stress reduction to correct any of the predisposing factors that could with a final trigger move you from Phase One to Phase Two of the cancer process You will learn how to avoid cancer if you have not yet developed it avoid recurrences if you are in remission and overcome cancer if you have been diagnosed with it **Your Soul's Gift** Robert Schwartz,2012-04-11 In his groundbreaking first book *Your Soul's Plan* Robert Schwartz brought the idea of pre birth planning into the mainstream Now his brilliant sequel *Your Soul's Gift* delves even deeper by exploring the pre birth planning of spiritual awakening miscarriage and abortion caregiving abusive relationships sexuality incest adoption poverty suicide rape and mental illness Working with a team of gifted mediums Schwartz brings forth great love and wisdom from the other side to explain why such experiences are planned and the deep soul level healing they can create Through the stories in *Your*
