Electoral Systems And Democracy A Journal Of Democracy :

Electoral Systems and Democracy Larry Diamond, Marc F. Plattner, 2006-09 As the number of democracies has increased around the world a heated debate has emerged among political scientists about which system best promotes the consolidation of democracy This book compares the experiences of diverse countries from Latin America to southern Africa from Uruguay Japan and Taiwan to Israel Afghanistan and Iraq

Electoral Systems and Political Context Robert G. Moser, Ethan Scheiner, 2012-09-28 Electoral Systems and Political Context illustrates how political and social context conditions the effects of electoral rules The book examines electoral behavior and outcomes in countries that use mixed member electoral systems where voters cast one ballot for a party list under proportional representation PR and one for a candidate in a single member district SMD Based on comparisons of outcomes under the two different rules used in mixed member systems the book highlights how electoral systems effects especially strategic voting the number of parties and women s representation tend to be different in new democracies from what one usually sees in established democracies Moreover electoral systems such as SMDs are usually presumed to constrain the number of parties irrespective of the level of social diversity but this book demonstrates that social diversity frequently shapes party fragmentation even under such restrictive rules

The Handbook of Electoral System Choice J. Colomer, 2016-01-05 The topic of electoral reform is an extremely timely one The accelerated expansion of the number of new democracies in the world generates increasing demand for advice on the choice of electoral rules at the same time a new reformism in well established democracies seeks new formulae favouring both more representative institutions and more accountable rulers The Handbook of Electoral System Choice addresses the theoretical and comparative issues of electoral reform in relation to democratization political strategies in established democracies and the relative performance of different electoral systems Case studies on virtually every major democracy or democratizing country in the world are included

Mixed-Member Electoral Systems Matthew Shugart, Martin P. Wattenberg, 2001-02-01 Mixed member electoral systems may well be the electoral reform of the 21st century much as proportional representation PR was in the 20th century In the view of many electoral reformers mixed member systems offer the best of both the traditional British single seat district system and PR systems This book seeks to evaluate why mixed member systems have recently appealed to many countries with diverse electoral histories and how well expectations for these systems have been met Each major country which has adopted a mixed system thus has two chapters in this book one on origins and one on consequences These countries are Germany New Zealand Italy Israel Japan Venezuela Bolivia Mexico Hungary and Russia In addition there are also chapters on the prospects for a mixed member system being adopted in Britain and Canada respectively The material presented suggests that mixed member systems have been largely successful thus far They appear to be more likely than most other electoral systems to generate two bloc party systems without in the process reducing minor parties to insignificance In addition they are more likely than any other class of

electoral system to simultaneously generate local accountability as well as a nationally oriented party system Mixed member electoral systems have now joined majoritarian and proportional systems as basic options which must be considered whenever electoral systems are designed or redesigned Such a development represents a fundamental change in thinking about electoral systems around the world Electoral Systems and Political Context Robert G. Moser, Ethan Scheiner, 2012-09-28 This book highlights how new and established democracies differ from one another in the effects of their electoral rules **Electoral Systems and Democratization in Southern Africa** Andrew Reynolds, 1999-01-28 The design of electoral systems and executive types is increasingly being recognized the key lever of constitutional engineering to be applied in the interests of political accommodation and stability in ethnically divided societies In this groundbreaking comparative study of democratic design in Southern Africa Andrew Reynolds finds that the decisions about how to constitute representative parliaments have wide ranging effects on the type of parties and party system that develops the nature of executive legislative relations and the inclusiveness of both majority and minority interests in the process of governance While electoral system design is the primary focus of the book the related constitutional issues of whether to choose a presidential or parliamentary system and whether to entrench consensual consociational or majoritarian government are also discussed Analysing the experiences of Malawi Namibia South Africa Zambia and Zimbabwe the author presents a host of revealing conclusions that help shed light on the success or failure of democratic design in other fledgling democracies in both Africa and beyond **Democracy's Place** Ian Shapiro, 2018-10-18 One of our nation's most prolific and widely discussed political theorists Ian Shapiro speaks with a distinctive voice His work is Deweyan in its inspiration cosmopolitan in its concerns and practical in its referents In this book he provides his first extended statement on contemporary democratic politics Democracy's Place includes seven essays in which Shapiro carefully integrates the theoretical and the applied Four deal principally with democratic theory and its link to problems of social justice the other three detail applications in the United States the postcommunist world and the author's native South Africa All advance a view of democratic politics which rests on principled yet nuanced suspicion of hierarchical social arrangements and of political blueprints Shapiro's writing is unified as well by a pervasive concern with the relations between the requirements of democracy and those of social justice These themes substantiated by complex yet accessible arguments offer a constructive democratic perspective on contemporary debates about liberalism communitarianism and distributive justice Electoral Engineering Pippa Norris, 2004-02-09 From Kosovo to Kabul the last decade witnessed growing interest in electoral engineering Reformers have sought to achieve either greater government accountability through majoritarian arrangements or wider parliamentary diversity through proportional formula Underlying the normative debates are important claims about the impact and consequences of electoral reform for political representation and voting behavior The study compares and evaluates two broad schools of thought each offering contracting expectations One popular approach claims that formal rules define

electoral incentives facing parties politicians and citizens By changing these rules rational choice institutionalism claims that we have the capacity to shape political behavior Alternative cultural modernization theories differ in their emphasis on the primary motors driving human behavior their expectations about the pace of change and also their assumptions about the ability of formal institutional rules to alter rather than adapt to deeply embedded and habitual social norms and patterns of human behavior

How to Lose a War Amin Saikal, 2024-06-25 An incisive authoritative account of the West's failures in Afghanistan from 9/11 to the fall of Kabul In 1958 Richard Nixon described Afghanistan as unconquerable On 15 August 2021 he was proven right After twenty years of intervention US and NATO forces retreated enabling the Taliban to return to power Tens of thousands were killed in the long unwinnable war and millions more were displaced leaving the future of Afghanistan hanging in the balance Leading expert Amin Saikal traces the full story of America's intervention from 9/11 to the present crisis After an initial swift military strike the US became embroiled in a drawn out struggle to change Afghanistan but failed to achieve its aims Saikal shows how this failure was underlined by protracted attempts to capture Osama bin Laden an inability to secure a viable government via democracy promotion efforts and lack of wider strategy in the war on terror How to Lose a War offers an insightful account of one of the US's most significant foreign policy failures and considers its dire consequences for the people of Afghanistan

Electoral Systems and Conflict in Divided Societies Ben Reilly, Andrew Reynolds, Committee on International Conflict Resolution, Commission on Behavioral and Social Sciences and Education, Division of Behavioral and Social Sciences and Education, National Research Council, 1999-05-04 This paper is one of a series being prepared for the National Research Council's Committee on International Conflict Resolution The committee was organized in late 1995 to respond to a growing need for prevention management and resolution of violent conflict in the international arena a concern about the changing nature and context of such conflict in the post Cold War era and a recent expansion of knowledge in the field The committee's main goal is to advance the practice of conflict resolution by using the methods and critical attitude of science to examine the effectiveness of various techniques and concepts that have been advanced for preventing managing and resolving international conflicts The committee's research agenda has been designed to supplement the work of other groups particularly the Carnegie Corporation of New York's Commission on Preventing Deadly Conflict which issued its final report in December 1997 The committee has identified a number of specific techniques and concepts of current interest to policy practitioners and has asked leading specialists on each one to carefully review and analyze available knowledge and to summarize what is known about the conditions under which each is or is not effective These papers present the results of their work

Strategic Studies Quarterly, 2009 *Power-Sharing and Political Stability in Deeply Divided Societies* Allison McCulloch, 2014-06-05 Nearly all the peace accords signed in the last two decades have included power sharing in one form or another The notion of both majority and minority segments co operating for the purposes of political stability has informed both international policy prescriptions for post conflict zones and home grown

power sharing pacts across the globe This book examines the effect of power sharing forms of governance in bringing about political stability amid deep divisions It is the first major comparison of two power sharing designs consociationalism and centripetalism and it assesses a number of cases central to the debate including Nigeria Sri Lanka Fiji Bosnia and Herzegovina Burundi and Northern Ireland Drawing on information from a variety of sources such as political party manifestoes and websites media coverage think tank reports and election results the author reaches significant conclusions about power sharing as an invaluable conflict management device This text will be of key interest to students and scholars of ethnic conflict management power sharing ethnic politics democracy and democratization comparative constitutional design comparative politics intervention and peace building

Routledge Handbook of Russian Politics and Society Graeme Gill, James Young, 2013-03 There is an ever burgeoning number of books analyzing the Russian experience or aspects of it This Handbook is the first single volume which gives both a broad survey of the literature as well as highlighting the cutting edge research in the area Through both empirical data and theoretical investigation each chapter in the Routledge Handbook Russian of Politics and Society examines both the Russian experience and the existing literature points to research trends and identifies issues that remain to be resolved Offering focused studies of the key elements of Russian social and political life the book is organized into the following broad themes General introduction Political institutions Political Economy Society Foreign Policy Politically economically and socially Russia has one of the most interesting development trajectories of any major country This Handbook seeks to answer questions about democratic transition the relationship between the market and democracy stability and authoritarian politics the development of civil society the role of crime and corruption and the creation of a market economy Providing a comprehensive resource for scholars and policy makers alike this book is an important contribution to the study of Russian Studies Eastern European studies and International Relations

Democratization Christian W. Haerpfer, Patrick Bernhagen, Christian Welzel, Ronald Inglehart, 2019 Democratization is the first textbook to focus on the global wave of democratization that has been occurring since around 1970 Bringing together leading authors from diverse international backgrounds it introduces students to the theoretical and practical dimensions of the subject in an authoritative accessible and systematic way The book takes into account the international factors that affect politics at the level of the nation state showing students the direction in which the discipline is moving It is accompanied by an innovative companion website that provides numerous resources for students and instructors Democratization covers several key themes including 1 Theories of democratization and their relation to democratic theory 2 Critical prerequisites and driving social forces of democratic transition 3 Pivotal actors and institutions involved in democratization 4 Conditions for democratic survival the consolidation of newly democratized countries and the analysis of failed democratization 5 Demonstrations of how these factors have played a role in the different regions in which the global wave of democratization has transplaced authoritarian and communist systems 6 Possible futures of democratization worldwide Research

Handbook on Political Representation Maurizio Cotta, Federico Russo, 2020-12-25 At a time when political representation can be said to be facing its ultimate crisis this crucial work clarifies the terms of the debate providing an up to date analysis of the main conceptual and institutional controversies that have arisen surrounding this topic Written by leading scholars in the field contributions focus on how representation is conceptualised and its relation to democracy *The Oxford Handbook of Political Representation in Liberal Democracies* Robert Rohrschneider, Jacques Thomassen, 2020-07-28 The Handbook of Political Representation in Liberal Democracies offers a state of the art assessment of the functioning of political representation in liberal democracies In 34 chapters the world's leading scholars on the various aspects of political representation address eight broad themes The concept and theories of political representation its history and the main requisites for its development elite orientations and behavior descriptive representation party government and representation non electoral forms of political participation and how they relate to political representation the challenges to representative democracy originating from the growing importance of non majoritarian institutions and social media the rise of populism and its consequences for the functioning of representative democracy the challenge caused by economic and political globalization what does it mean for the functioning of political representation at the national level and is it possible to develop institutions of representative democracy at a level above the state that meet the normative criteria of representative democracy and are supported by the people The various chapters offer a comprehensive review of the literature on the various aspects of political representation The main organizing principle of the Handbook is the chain of political representation the chain connecting the interests and policy preferences of the people to public policy via political parties parliament and government Most of the chapters assessing the functioning of the chain of political representation and its various links are based on original comparative political research Comparative research on political representation and its various subfields has developed dramatically over the last decades so that even ten years ago a Handbook like this would have looked totally different *Politics of Democratic Breakdown* Gangsheng Bao, 2022-05-30 Democratic breakdown as a political and historic event can impact the fate of millions if not hundreds of millions of people by changing the political complexion of a country This book attempts to systematically explain why democracies collapse The author's main theoretical argument is based on the examination of two factors One is political cleavages among voters These can cause serious political conflicts and may lead to fierce political confrontation and major upheaval at the society level The other revolves around the types of political and institutional arrangements under democratic regimes Centrifugal democratic regimes are likely to weaken government capacity or state capacity rendering governments incapable of effectively resolving political conflicts and when these two factors come together political conflicts are less likely to be controlled effectively These situations can evolve into serious political crises and eventually lead to the collapse of democratic regimes The empirical research of this book is based on a comparative historical analysis of Germany Nigeria Chile and India Examining democratic

collapses from both theoretical and empirical perspectives this book will be of interest to those engaged in the study of democracy Political Science Comparative Politics and Political Theory Routledge Handbook of Comparative Political Institutions Jennifer Gandhi, Rubén Ruiz-Rufino, 2015-04-10 The Routledge Handbook of Comparative Political Institutions HCPI is designed to serve as a comprehensive reference guide to our accumulated knowledge and the cutting edge of scholarship about political institutions in the comparative context It differs from existing handbooks in that it focuses squarely on institutions but also discusses how they intersect with the study of mass behaviour and explain important outcomes drawing on the perspective of comparative politics The Handbook is organized into three sections The first section consisting of six chapters is organized around broad theoretical and empirical challenges affecting the study of institutions It highlights the major issues that emerge among scholars defining measuring and analyzing institutions The second section includes fifteen chapters each of which handles a different substantive institution of importance in comparative politics This section covers traditional topics such as electoral rules and federalism as well as less conventional but equally important areas including authoritarian institutions labor market institutions and the military Each chapter not only provides a summary of our current state of knowledge on the topic but also advances claims that emphasise the research frontier on the topic and that should encourage greater investigation The final section encompassing seven chapters examines the relationship between institutions and a variety of important outcomes such as political violence economic performance and voting behavior The idea is to consider what features of the political sociological and economic world we understand better because of the scholarly attention to institutions Featuring contributions from leading researchers in the field from the US UK Europe and elsewhere this Handbook will be of great interest to all students and scholars of political institutions political behaviour and comparative politics Jennifer Gandhi is Associate Professor Department of Political Science Emory University Rubén Ruiz Rufino is Lecturer in International Politics Department of Political Economy King's College London

Presidents, Assemblies and Policy-making in Asia Y. Kasuya, 2013-04-08 The authors assess the constitutional and partisan powers of Asian presidents and analyse how they are used in actual policy making processes Country case studies on Afghanistan Indonesia the Philippines South Korea Sri Lanka and Taiwan analyze how their constitutional and partisan powers are used in actual policy making processes **Contentious Elections** Pippa Norris, Richard W. Frank, Ferran Martínez i Coma, 2015-04-10 From Afghanistan to Zimbabwe the world has witnessed a rising tide of contentious elections ending in heated partisan debates court challenges street protests and legitimacy challenges In some cases disputes have been settled peacefully through legal appeals and electoral reforms In the worst cases however disputes have triggered bloodshed or government downfalls and military coups Contentious elections are characterized by major challenges with different degrees of severity to the legitimacy of electoral actors procedures or outcomes Despite growing concern until recently little research has studied this phenomenon The theory unfolded in this volume suggests that problems of electoral

malpractice erode confidence in electoral authorities spur peaceful protests demonstrating against the outcome and in the most severe cases lead to outbreaks of conflict and violence Understanding this process is of vital concern for domestic reformers and the international community as well as attracting a growing new research agenda The editors from the Electoral Integrity Project bring together scholars considering a range of fresh evidence analyzing public opinion surveys of confidence in elections and voter turnout within specific countries as well as expert perceptions of the existence of peaceful electoral demonstrations and survey and aggregate data monitoring outbreaks of electoral violence The book provides insights invaluable for studies in democracy and democratization comparative politics comparative elections peace and conflict studies comparative sociology international development comparative public opinion political behavior political institutions and public policy

Electoral Systems And Democracy A Journal Of Democracy Introduction

In the digital age, access to information has become easier than ever before. The ability to download Electoral Systems And Democracy A Journal Of Democracy has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Electoral Systems And Democracy A Journal Of Democracy has opened up a world of possibilities. Downloading Electoral Systems And Democracy A Journal Of Democracy provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Electoral Systems And Democracy A Journal Of Democracy has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Electoral Systems And Democracy A Journal Of Democracy . These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Electoral Systems And Democracy A Journal Of Democracy . Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Electoral Systems And Democracy A Journal Of Democracy , users should also consider the potential security risks associated with online platforms. Malicious actors may

exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Electoral Systems And Democracy A Journal Of Democracy has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Electoral Systems And Democracy A Journal Of Democracy Books

1. Where can I buy Electoral Systems And Democracy A Journal Of Democracy books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
