

## A Quick Guide to Getting Started

### Before you begin

1. Remove all packaging material and tape.
2. Make sure your burner caps are centered on the burners and installed correctly.
3. Place the center cooktop grate first, then position the left and right grates in place. Refer to your Use & Care Manual for detailed instructions.

### Burner Cap Installation

All burner caps must be properly installed before first use to ensure proper ignition and gas flame size.

1. Check to see if the size of each burner cap matches the size of the burner head.
2. Make sure that the burner caps are correctly in place on the burner heads.

The burner cap should fit snugly into the center of burner head and be level.

3. Once in place, check the fit by gently sliding the burner cap from side to side.

**NOTE:** We recommend contacting a professional installer or technician if you need to convert your cooktop to liquefied petroleum (LP) from natural gas.

### Start Cooking

#### BURNER KNOB POSITIONS

**OFF** position

**LITE** position

**HI to LO**

#### OPERATING THE BURNERS

1. Place your cookware on the burner.
2. Push in and turn the cooktop knob to the  position to light the burner.
3. Check the burner to make sure it has a steady flame.
4. Once the burner is lit, turn the knob to adjust the flame size.

**NOTE:** A clicking sound will occur on all the burners when a control knob is pushed in.

#### SETTING YOUR FLAME SIZE

The color of the flame is the key to proper burner adjustment.

A good flame is clear, blue and hardly visible. Adjust or clean the burner if flame is yellow-orange.

If the flame extends beyond the outer edge of your cookware, reduce the flame setting.

Start on the highest setting and lower the setting as needed for general cooking needs.

FLAME SIZE	COOKING TYPE
High Flame	Boiling, Broiling, Searing
Medium Flame	Slow Boiling, Sauce and Gravy Thickening, Steaming, Sautéing
Low Flame	Simmering, Poaching, Stewing
These settings are based on medium-weight metal or aluminum pans with lids. Settings may vary when using other types of pans.
