J. M. Brummans, 2017-09-13 Winner of the 2018 Outstanding Edited Book Award from the Organizational Communication Division of the National Communication Association The Agency of Organizing explains why the notion of agency is central to understanding what organizations are how they come into existence continue to exist or fade away and how they function Written by leading organizational communication scholars the chapters in this edited volume present seven different theoretical perspectives on agency in the dynamics of organizing Authors discuss how they conceptualize agency from their own perspective and how they propose to investigate agency empirically in processes of organizing by using specific methods Through insightful case studies they demonstrate the value of these perspectives for organizational research and practice

*Communication and Organizational Changemaking for Diversity, Equity, and Inclusion* Bobbi J. Van Gilder, Jasmine T. Austin, Jacqueline S. Bruscella, 2023-11-03 This book explores the opportunities challenges and effective approaches to organizational change regarding diversity equity inclusion and belonging Featuring application based case studies and practical guidelines for meaningful organizational change this book problematizes some of the current DEI initiatives in today's organizations It examines multiple forms of diversity e.g. race age and mental health from a variety of perspectives e.g. leadership and employee with case studies that demonstrate how changemaking efforts can be reimaged and implemented in better more nuanced and more sustainable ways to produce meaningful organizational change Through these case studies readers learn from organizations successes and failures in their attempts to implement DEI practices Each chapter concludes with explicit practical implications and/or actionable recommendations for organizational changemaking This text will make an impactful addition to courses in communication and diversity or organizational communication change at the advanced undergraduate or graduate level and will be an essential guide for professionals wishing to lead change in their organizations      *The Situated Organization* James R. Taylor, Elizabeth J. Van Every, 2010-09-13 The Situated Organization explores recent research in organizational communication emphasizing the organization as constructed in and emerging out of communication practices Working from the tradition of the Montreal School in its approach it focuses not only on how an organization's members understand the purposes of the organization through communication but also on how they realize and recognize the organization itself as they work within it The text breaks through with an alternative viewpoint to the currently popular idea of organization as network viewing organization instead as a configuration of agencies and their fields of practice It serves as an original comprehensive and well written text elaborated by case studies that make the theory come to life The substantial ideas and insights are presented in a deep and meaningful way while remaining comprehensible for student readers This text has been developed for students at all levels of study in organizational communication who need a systematic introduction to conducting empirical field research It will serve as an invaluable sourcebook in planning and

conducting research      *Stretching Boundaries: Cases in Organizational and Managerial Communication* Jeremy Fyke, Jeralyn Faris, Patrice M. Buzzanell, 2016-08-05 *Stretching Boundaries Cases in Organizational and Managerial Communication* focuses on non traditional organizations in a variety of contexts Because cases range from small family owned entrepreneurs and cybervetting to provincial egovernment democratic movements in China this supplemental text enables a reexamination of the boundaries of traditional organizational contexts Cases delve into organizing structures relationships and visions for global not for profits hybrid creative industry and entrepreneurial organizations This book stands to benefit instructors and students in at least four ways First it provides instructors with an application based teaching tool to help spark discussion Second students will find the case studies interesting and applicable to their future work lives especially undergraduates who will soon be in the work force Additionally cases help students grasp course materials that may be otherwise challenging Finally for graduate students the book encourages reflection on important topics for future research      CASE STUDIES FOR ORGANIZATIONAL COMMUNICATION-UNDERSTANDING COMMUNICATION PROCESSES.
