## **Cash And Care Policy Challenges In The Welfare State:**

**Cash and care** Glendinning, Caroline, Kemp, Peter A., 2006-09-25 Recent social trends and policy developments have called into question the divide between the provision of income support and social care services This book examines this in light of key trends The book presents new evidence on the links between cash whether from earnings from paid work social security benefits and payments for disabled people and carers and social disadvantage care and disability It presents theoretical perspectives on the need for and provision of care which some commentators have described as a new social risk and offers new insights into traditional forms of risk such as poverty disability access to credit and money management It provides an analysis of childcare and informal support for sick disabled or elderly people in the context of increasing female labour market participation and the introduction of cash allowances to pay for care and posits a new look at both disabled people and older people in their roles as active citizens whose views and experiences should help shape both policy and practice Cash and care is essential reading for students lecturers and researchers in social policy applied social science social work and health and social care     *The Oxford Handbook of the Welfare State* Francis G. Castles, Stephan Leibfried, Jane Lewis, Herbert Obinger, Christopher Pierson, 2012-09-06 The Oxford Handbook of the Welfare State is the authoritative and definitive guide to the contemporary welfare state In a volume consisting of nearly fifty newly written chapters a broad range of the world's leading scholars offer a comprehensive account of everything one needs to know about the modern welfare state The book is divided into eight sections It opens with three chapters that evaluate the philosophical case for and against the welfare state Surveys of the welfare state's history and of the approaches taken to its study are followed by four extended sections running to some thirty five chapters in all which offer a comprehensive and in depth survey of our current state of knowledge across the whole range of issues that the welfare state embraces The first of these sections looks at inputs and actors including the roles of parties unions and employers the impact of gender and religion patterns of migration and a changing public opinion the role of international organisations and the impact of globalisation The next two sections cover policy inputs in areas such as pensions health care disability care of the elderly unemployment and labour market activation and their outcomes in terms of inequality and poverty macroeconomic performance and retrenchment The seventh section consists of seven chapters which survey welfare state experience around the globe and not just within the OECD Two final chapters consider questions about the global future of the welfare state The individual chapters of the Handbook are written in an informed but accessible way by leading researchers in their respective fields giving the reader an excellent and truly up to date knowledge of the area under discussion Taken together they constitute a comprehensive compendium of all that is best in contemporary welfare state research and a unique guide to what is happening now in this most crucial and contested area of social and political development     **Welfare State Transformations** M. Seeleib-Kaiser, 2008-08-01 This edited volume provides new empirical evidence of far reaching changes

to welfare states globally which have changed the boundaries of the public and private domain within the mixed economies of welfare. Various modes of policy intervention are investigated providing a nuanced account of reforms in the past decade.

**The Consumer in Public Services** Ian Greener, Martin Powell, Richard Simmons, 2009-04-15. The consumer in public services critiques established assumptions surrounding citizenship and consumption. Drawing on empirical research it challenges existing stereotypes about the consumer as chooser and shows how we must develop a more sophisticated understanding of consumers examining their place and role as users of public services.

**The Bloomsbury Handbook of Care Ethics** Matilda Carter, 2025-07-24. Emphasising the vulnerability and interdependence of humans care ethics has emerged in recent years as a powerful alternative to dominant modes of thinking in moral philosophy. Bringing together the theoretical and applied dimensions of care ethics this pioneering volume provides an authoritative overview of what care ethics is and the contributions it can make to pressing contemporary problems. Divided into two parts Part I of The Bloomsbury Handbook of Care Ethics traces the development of care ethics how it interacts with other central components of moral reasoning such as freedom and normative justification and the ongoing discussions among care ethicists about the direction scope and underlying mechanisms of the theory. Part II then showcases the varied contributions care ethics can make to key areas of applied philosophy and to research in the social sciences from disability and care medical ethics and feminist ethics to timely issues such as maternity care and public administration. With an international team of experts providing interdisciplinary approaches to care this is the place to start if you want to gain an in depth insight into the field of care ethics and its crucial role in addressing worldwide vulnerabilities.

**The SAGE Handbook of Social Gerontology** Dale Dannefer, 2010-09-14. This volume reflects the emergence of ageing as a global concern including chapters by international scholars from Asia Australasia Europe and North America. Social relationships and social differences topics include social inequality gender and ageing the role of religion inter generational ties social networks and friendships in later life. Individual characteristics and change in later life chapters in this section examine different aspects of individual aging including self and identity cognitive processes and biosocial interactions and their impact on physical and psychological aging. Comparative perspectives and cultural innovations topics in this section include ageing and development ageing in a global context migration and cross cultural perspectives on grandparenthood. Policy issues. The final section examines some of the main policy concerns affecting older people across the world. Topics include developments in social policy long term care technology and older people end of life issues work and retirement crime and older people and the politics of old age. This will be essential reading for all students researchers and policy makers concerned with the major issues influencing the lives

of older people across the globe      *Choice* Bent Greve,2011-06-09 This book analyzes the impact of choice on welfare states in Europe and asks whether the shift towards more choice will ultimately benefit the users and providers of the welfare state and have a positive impact on society as a whole Explores the recent focus on choice in many welfare states which has created a more market orientated approach changed users to consumers and increased emphasis on private providers Examines the impact of these recent reforms on equality not only from an economic perspective but also in relation to gender education age and access to services Draws on examples from different European countries and sectors of the welfare state including the UK Germany Italy the Netherlands Scandinavia and the Czech Republic Informed by theoretical and empirical approaches and uses a variety of methodologies      **Reforming the Bismarckian Welfare Systems** Bruno Palier,Claude Martin,2009-02-18 Gathering among the best European specialists of welfare state comparisons this book organises comprehensive and up to date information on European welfare state reforms in an analytical framework which allows a new approach to social policy changes Demonstrates that contrary to the common view Bismarckian welfare states have changed significantly Contains long term but also very accurate data and perspective beginning from the 1980s and up to the most recent reforms Speaks to two literatures the one on welfare state social policies and welfare state reforms the other to the political science literature on changes path dependency and incremental changes Organises comprehensive and up to date information on European welfare state reforms in an analytical framework Includes contributions from the best specialists of the field including members of the European academic community of social policy comparativists      Reforms in Long-Term Care Policies in Europe Costanzo Ranci,Emmanuele Pavolini,2012-11-08 Over the last two decades many changes have happened to the social welfare policies of various industrial countries Citizens have seen their pensions unemployment benefits and general healthcare policies shrink as belt tightening measures are enforced But in contrast long term care has seen a general growth in public financing an expansion of beneficiaries and more generally an attempt to define larger social responsibilities and related social rights The aim of this book is to describe and interpret the changes introduced in long term care policies in Western Europe The volume argues that recent reforms have brought about an increasing convergence in LTC policies Most of the new programs have developed a new general approach to long term care based on a better integration of social care and health care The book explores increasing public support given to family care work in the past the family would take care of the elderly or infirm and increasing growth and recognition of an extended social care market by which care has shifted from a moral obligation based on family reciprocity to a paid professional activity A new social care arrangement has therefore been developing in Western countries based on a new mix of family obligations market provision and public support In order to understand such changes this analysis will take into account the social and economical impact of these reforms      **The New Sociology of the Health Service** Jonathan Gabe,Michael Calnan,2009-03-09 The New Sociology of the Health Service provides a vital new sociological framework for analysing health policy and health care

covering a broad range of key contemporary health services issues It will be an important read for all students and researchers of medical sociology and health policy      **Diversity** Mustafa F. Özbilgin,2023-08-29 *Diversity A Key Idea for Business and Society* introduces an idea that proliferates business and society having been incorporated into mainstream theory and practice Beyond this multidisciplinary setting how diversity is defined framed managed and regulated is also exposed to considerable social economic political and ideological interpretation and manipulation This volume explores definitions of diversity its various manifestations and interdisciplinary influences that shape how diversity is researched The text turns to workforce diversity as a particular case of diversity and explores antecedents correlates and consequences of workforce diversity The author considers power inequality and intersectionality to illuminate the subject from the key manifestations including class gender ethnicity sexuality and disability With insights from an array of fields from economics through management to biology the author also highlights the various cases against diversity alongside analysis of how to navigate the diversity jungle in practice This concise authoritative book will be essential reading for students researchers and reflective practitioners interested in workforce diversity as well as unique supplementary reading across the social sciences

*Critical theory and Independent Living* Teodor Mladenov,2024-12-17 *Critical theory and Independent Living* explores intersections between contemporary critical theory and disabled people s struggle for self determination The book highlights the affinities between the Independent Living movement and studies of epistemic injustice biopower and psychopower It discusses in depth the activists critical engagement with welfare state paternalism neoliberal marketisation and familialism This helps develop a pioneering comparison between various welfare regimes grounded in Independent Living advocacy The book draws on the activism of disabled people from the European Network on Independent Living ENIL by developing case studies of the ENIL s campaigning for deinstitutionalisation and personal assistance It is argued that this work helps rethink independence as a form of interdependence and that this reframing is pivotal for critical theorising in the twenty first century

Tackling Low Income and Deprivation Tim Callan,2008      **Reconciling Work and Family Life in EU Law and Policy** A. Masselot,Eugenia Caracciolo di Torella,2010-01-20 Since its timid introduction onto the EC agenda in 1974 reconciliation of work and family life has developed into a fully articulated principle This book explores this journey and its implications for the EC legal order and society It argues that as reconciliation issues continue to evolve they require constant reassessment

*Neurotrauma* Nadine Abelson-Mitchell,2013-02-26 *Neurotrauma Managing Patients with Head Injuries* is a comprehensive holistic evidence based approach to the primary secondary and tertiary care of a person with neurotrauma Using a patient centred needs approach to enhance the quality of care of head injured patients family and carers this multidisciplinary book enables the reader to apply the knowledge skills and attitudes learned to the practice of neurotrauma in all settings It explores Anatomy and physiology of the brain Pharmacology for neurotrauma patients Assessment of the patient with neurotrauma Management of neurotrauma in a range of settings including at the scene in the emergency

department and at the hospital Neuro rehabilitation Community care Nursing management of the patient This practical resource includes activities exercises and ethical and legal considerations throughout making it ideal reading for all staff working in neuroscience emergency critical and rehabilitation settings      *Disability and Ageing* Ann Leahy,2023-01-10

Establishing a critical and interdisciplinary dialogue this text engages with the typically disparate fields of social gerontology and disability studies It investigates the subjective experiences of two groups rarely considered together in research people ageing with long standing disability and people first experiencing disability with ageing This book challenges assumptions about impairment in later life and the residual nature of the fourth age It proposes that the experience of disability in older age reaches beyond the bodily context and can involve not only a challenge to a sense of value and meaning in life but also ongoing efforts in response      Public Attitudes toward Family Policies in Europe Monika Mischke,2013-09-04 Family policy variation in Europe is still enormous and there is very limited knowledge about the publics attitudes toward family policy measures in a comparative perspective This book addresses this research gap by combing a profound analysis of existing family policy measures with a thorough analysis of public attitudes Based on institutional theory which argues that institutions structure the processes of orientation the empirical analyses shed light on the relationship between the current family policy setup the social context and public attitudes toward particular family policy measures in 12 countries of the European Union The results demonstrate that the social context needs to be taken into account in order to improve our understanding of attitudinal variation among different countries and family policy contexts Moreover this book points out that only few patterns of social polarization are quasi universal whereas many others are specific to individual countries or certain groups of countries      The Economics of Social Responsibility Carlo Borzaga,Leonardo Becchetti,2010-06-10 This book offers a rethinking of the burgeoning research on not for profit organizations and socially responsible economics Adopting a comparative approach the chapters explore and reinterpret the impact of social enterprises on the provision of general interest services work integration microfinance and fair trade and show how these enterprises form the hub of an emerging economy of social responsibility The book provides a new interpretation of social enterprises as entrepreneurial organizations that pursue social objectives and are successful due to the non self seeking motives of their members This book will be of interest to postgraduate students professionals working in the not for profit sector and scholars interested in socially responsible economics It is particularly suitable for seminars and workshops focusing on the management of not for profit organizations sustainable development and globalization      **Social Policy** John Baldock,Lavinia Mitton,2011-09-22 Designed for use by undergraduates on social policy social work and sociology courses and by students on vocational training courses including postgraduate this textbook covers all the main topics of social policy      **Handbook of Economics and Ethics** Jan Peil,Irene van Staveren,2009-01-01 This volume pulls together a remarkable collection of contributors designed to challenge the positive normative dichotomy in economic methodology The intent of this publication is to provide a reference

manual for those seeking insights into the connections between economics and ethics It succeeds in that goal and should become a starting point for anyone who believes that mainstream economics needs methodological reorientation Anyone interested in ethics and economic methodology would do well to have this reference book handy Highly recommended J Halteman Choice This new Handbook of Economics and Ethics makes a substantial contribution as a wide ranging up to date reference work including original developments on these two fundamentally interconnected fields This contribution is particularly timely given the increasing attention being paid to economics as a moral science The Handbook contains seventy five expert entries on subjects ranging from the history of economics and philosophy to conceptual analysis of ethics in various aspects of modern economics while representing a diversity of views Sheila Dow University of Stirling UK The Handbook of Economics and Ethics portrays an understanding of economic methodology in which facts and values though distinct are closely interconnected in a variety of ways From theory building to data collection and from modelling to policy evaluation this encyclopaedic Handbook is at the intersection of economics and ethics Irene van Staveren and Jan Peil bring together 75 unique and original papers to provide up to date insights on topics such as markets globalization human development rationality efficiency and corporate social responsibility The book presents contributions from an array of international scholars using methodological and theoretical approaches and convincingly demonstrates the death of the positive normative dichotomy that so long held economics in its grip This invaluable resource will strongly appeal to students of economics and economic methodology philosophy of science and ethics It will also be of great benefit to academics and policy makers involved in economic policies and ethics
