Chess Endgame Books:

Chess Endgames for Kids Karsten Muller, 2015-06-23 Starting with the basic mates and the simplest pawn endings this book provides all the endgame knowledge that players need to take them through to club level and beyond Muller carefully guides us step by step through a fascinating range of endgame tactics and manoeuvres helping us understand the underlying logic

Tragicomedy in the Endgame Mark Dvoretsky, 2011 The Key Concepts of Chess Endings In 2003 when it was released Dvoretsky's Endgame Manual became an instant classic Now the chess instructor extraordinaire offers an introduction to the fascinating world of chess endings This book is designed to highlight the key concepts of the most common chess endgames and will prove quite instructive to chessplayers of all levels Topics include The King in the Endgame Pawn play Zugzwang Saving Methods Tactics in the Endgame Piece Maneuvering Piece Exchanges Technique and much more The author has countless practical suggestions for improving your endgame play in this era of rapid time controls so that you don't end up drowning in the ocean of endgame theory Let Mark Dvoretsky help you win more games as he examines some elementary endgame errors from master play and shows you how to avoid making the same mistakes

Practical Chess Endings Paul Keres, 2018-10-26 An updated edition of Paul Keres classic endgame instructor designed specifically for practical players with over 500 extra diagrams to facilitate learning and memorisation of critical lines of endgame play It is an essential practical book for all chess players from one of the world's greatest grandmasters Keres remained an elite grandmaster throughout his life and is widely regarded as one of the strongest ever players not to have won the world chess champion His book is a comprehensive guide to the precise handling of all basic endgame positions It features logical step by step explanations of procedures required to obtain the best possible results from frequently occurring queen rook bishop knight and pawn endings It includes commentaries on the final stages of selected tournament games which demonstrate the art of favourable transposition from complex to clear cut endgames

Chess Endgames for Club Players Herman Grooten, 2022-10-11 Any good chess coach will tell you to study the endgame Improving your knowledge of the third phase in a chess game will bring you many extra half or even full points After the success of his award winning classics *Chess Strategy for Club Players* and *Attacking Chess for Club Players* Herman Grooten has now written an equally instructive endgame manual He teaches you how to understand the themes of an endgame and find the right moves based on your understanding International Master Herman Grooten learned about endgames the hard way as many good players have Early in his career he realized there was a lot to be gained in this undervalued part of the game Building on his experience as a player and coach Grooten takes an original approach to convey his message the endgames are divided according to theme not chess material This is a novel but very effective way to learn the ins and outs since many themes can occur with different material balances The material is richly illustrated with many examples from practical play as well as endgame studies which present the motifs in their purest and most attractive form The result is a lively and highly instructive guide to the endgame

Understanding Minor Piece Endgames Karsten Müller,Yakov Konoval,2018-11-27 Understanding Mastery Knowing the abilities and limitations of the minor pieces is very valuable for mastering the secrets of the royal game and this can be studied best in the endgame It is essential to understand the management of the long range bishop albeit confined to one color as well as the short range ubiquitous knight This book is the second volume in the authors acclaimed Understanding Endgames series It follows a dual philosophy like their previous work Understanding Rook Endgames It deals with seven piece minor piece endings in some detail These endgames are often so deep that pre tablebase analysis almost always contained errors Many new discoveries are revealed here In addition the authors emphasize the important five and six piece endings every club player should know But to really understand minor piece endings these theoretical positions are of course not enough Sub chapters on the principles of each material configuration have therefore been added Understanding Minor Piece Endgames will take you a long way to mastering these important endings Having had the pleasure to preview this book I can tell you that you are in for a treat Careful study of this book will benefit your chess immensely From the Foreword by GM Jacob Aagaard

Understanding Rook Endgames Karsten Muller,Yakov Konoval,2016-03-22 Endgames with rooks and pawns are the most frequently occurring in chess arising in about 1 game in 10 If you learn an important technique in this endgame chances are you will end up using it sooner or later And there are a great many methods and concepts that can be mastered with a little effort This book highlights the key themes in rook endings and at each turn invites the reader to test his knowledge and skills with abundant exercises Rook endgame theory does not stand still New practical examples illustrate novel approaches as players seek to pose problems to their opponents Magnus Carlsen has shown that even the driest looking positions can feature deadly traps The ongoing creation of new endgame tablebases of which co author Yakov Konoval has been at the forefront enables new classes of positions to be assessed with definitive certainty Using six man and the brand new seven man tablebases the authors re examine many of the old evaluations and reach new and enlightening conclusions about classic rook endings You will be startled and amazed and soon discover that you are becoming a far more effective endgame player German grandmaster Karsten Müller is arguably the world's foremost writer on chess endgames His masterwork Fundamental Chess Endings is a modern endgame bible and was studied intensively by current World Champion Magnus Carlsen in his youth Yakov Konoval is a Russian chess player and programmer who studied at Mikhail Botvinnik's chess school He has written programs for solving chess problems and has pioneered new techniques for generating endgame tablebases

Silman's Complete Endgame Course Jeremy Silman,2023 A chess writer speaker player and International Master has created this thorough guide to chess endgames Players of all levels can use this guide to move up the ladder from beginner to tournament player even to possession of the coveted Master title Every level of chess student will feel as if they are being given personal instruction with humor study plans and to the point examples designed to take them to new heights of chess understanding Going beyond the moves that constitute the endgame the author gives readers an understanding of

how the endgame unfolds and how every player can adapt the endgame to their own playing style For players who have always found the endgame to be a mystery and have searched for a book that will turn a weak link the endgame into a personal field of power this book offers the answers *Van Perlo's Endgame Tactics* Ger van Perlo,2015-09-01 New and substantially expanded edition of a modern chess classic By chance in 2013 publisher New In Chess discovered a previously unnoticed and unpublished extra batch of endgame tactics collected by the legendary Dutch correspondence grandmaster Ger van Perlo 1932 2010 More than 250 fresh examples have been added making this fourth edition 25% BIGGER than its predecessors For casual players and club players Why is it that most amateur chess players love opening and middlegame tactics but hate endgames Why do you usually look at only a couple of pages in any endgame theory book you see Sit back forget about theoretical endgames and enjoy the entertainment of real life chess in *Endgame Tactics* There is no substitute for hard work in getting better at chess as a wise grandmaster once said But you always work harder at something you enjoy Make the first step towards improving your endgame play and beating more opponents by learning to love the endgame Endgames are fun and the examples from everyday practice in *Endgame Tactics* prove it New 4th and 25% expanded edition of a best selling modern classic More than 1 300 Sparkling Tricks and Traps WINNER of the ECF Book of the Year Award WINNER of the ChessCafe Book of the Year Award Makes regular players discover the fun in endgame **100 Endgames You Must Know** de la Jesus Villa,2014-05-28 There are contrary to what most amateurs believe relatively few chess endgames one must know Jesus de la Villa an international grandmaster and former champion of Spain presents the endgames that show up most frequently in practice are easy to learn and contain ideas and concepts that are useful in more difficult positions He brings you simple rules guiding ideas at the beginning of each chapter detailed and lively explanations many diagrams clear summaries of the most important themes recommended exercises that will help you understand the material and tests divided in two parts basic and final The main thing De la Villa asks of you is to always understand WHY you play a move **Dvoretsky's Endgame Manual** Mark Dvoretsky,2025-10 The Sixth Edition of a Modern Masterpiece When it appeared in 2003 the first edition of Dvoretsky s *Endgame Manual* was immediately recognized by novice and master alike as one of the best books ever published on the endgame The enlarged and revised sixth edition 504 pages is better than ever German grandmaster Karsten M ller widely recognized as one of the best endgame theoreticians in the world today has carefully updated the sixth edition with the help of American grandmaster Alex Fishbein Here is what Magnus Carlsen the 16th World Champion had to say in his foreword to the sixth edition This book occupies a very special place in chess literature Dvoretsky s *Endgame Manual* will fill you with the joy and knowledge that will surely improve both your endgame skills and your understanding of our royal game Here is what Vladimir Kramnik the 14th World Champion had to say in his foreword to the fifth edition I consider it to be one of the very best chess books published in recent times Dvoretsky s analysis is staggering in its depth and accuracy John Watson in his review of the first edition in *The Week In Chess* Dvoretsky s

Endgame Manual comes close to an ultimate one volume manual on the endgame Lubomir Kavalek in his review of the first edition in his Washington Post column Chess Endgame Workbook Todd Bardwick,2021-03-14 Chess Endgame Workbook presents hundreds of endgame positions from significant master and grandmaster games Gain the skills to finish off your opponent and win more games with this book in the Chess Detective Workbook series Learn endgame fundamentals like creating and promoting passed pawns activating the king simplifying to a winning ending and salvaging a draw when you are behind Basic principles for king and pawn minor piece rook and queen endings are covered in detail Avoid pitfalls and learn how to think during the game Two hundred problems with a comprehensive answer key at two skill levels Basset Hound novice to intermediate and Chess Detective intermediate to advanced A large format fun comprehensive workbook and instruction book for children and adults ranging from those with a basic chess foundation up to the above average tournament player *Understanding Queen Endgames* Karsten Müller,Yakov Konoval,2020-01-15 The Daunting Domain of Queen Endgames Explained Knowing the abilities and limitations of the powerful queen is very valuable for mastering the secrets of the royal game and this can be studied best in the endgame Queen endgames are very difficult if only for purely mathematical reasons the queen is the most mobile piece in chess and the amount of possible options is incomparably higher than in any other type of endgames This book follows a dual philosophy as in the three previous works by the same authors Understanding Rook Endgames Understanding Minor Piece Endgames and Understanding Rook vs Minor Piece Endgames The 7 piece endings are dealt with in great detail They are often so complex that pre tablebase analysis almost always contains errors Many new discoveries are revealed here But to really understand the fight of a queen against a queen or minor pieces with rooks these theoretical positions are of course not enough So subchapters on the principles of each material configuration have been added All in all this fantastic book is already on my very short must study list for chessplayers of different levels including the top ten I want to thank the authors for the courage which is required just to start working on such a complex topic as well as for the very high quality of their work which will endure for decades to come and will be very useful for many future generations of chessplayers from the Foreword by Vladimir Kramnik 14th World Chess Champion *Practical Chess Endgames* David Vincent HOOPER,1968 **100 Endgames You Must Know** Jesus de la Villa,2015-12-28 New 4th and improved edition of an all time classic The good news about endgames is there are relatively few endings you should know by heart once you know these endings that s it Your knowledge never goes out of date The bad news is that all the same the endgame technique of most players is deficient Modern time controls make matters worse there is simply not enough time to delve deep into the position Jesus de la Vila debunks the myth that endgame theory is complex and he teaches you to steer the game into a position you are familiar with This book contains only those endgames that show up most frequently are easy to learn contain ideas that are useful in more difficult positions Your performance will improve dramatically because this book brings you simple rules detailed and lively explanations many diagrams clear summaries of

the most important themes dozens of tests **The 100 Endgames You Must Know Workbook** Jesus de la Villa,2019-05-01 Jesus de la Villa s worldwide bestseller 100 Endgames You Must Know successfully debunked the myth that endgame theory is complex and endgame books are necessarily tedious Reviewers praised its clarity and completeness and thousands of players significantly improved their endgame understanding and their results In the past couple of years De la Villa s students sometimes complained that when they had to apply what they had studied in 100 Endgames they didn t have the material ready at their fingertips And De la Villa made an important discovery most of their errors had already been made by others as well even by strong and sometimes famous chess players De la Villa started collecting training material and selected those exercises best suited to retain your knowledge and avoid common errors In this book the Spanish grandmaster presents hundreds of exercises grouped according to the various chapters in 100 Endgames Solving these puzzles will drive home the most important ideas refresh your knowledge and improve your calculation skills This book contains a massive amount of clear concise and easy to follow chess endgame instruction The advice De la Villa gives in the solutions is practical and useful Ideal for every post beginner club player and candidate master who wishes to win more games *Chess Endgame Training* Bernd Rosen,2003-03-11 This is an endgame manual with a difference As soon as a topic has been introduced and a few basic ideas discussed you are immediately invited to immerse yourself in the subject by solving a series of relevant positions The solutions to these positions feature a wealth of practical advice and further discussion of endgame principles and the key theoretical points All the main types of endgames are covered pawn endings minor piece endings rook endings and queen endings Rosen discusses important elements in endgame strategy such as pawn structure passed pawns space advantage breakthrough and Zugzwang Endgames are often highly tactical and this is reflected throughout this book in exercises that require precise calculation and in sections devoted to typical tactical themes There is a wealth of exercises throughout the book **Chess Endgame for Beginners** Cory Klein,2018-03-03 Be Decisive When it Counts Most The endgame is arguably the most important phase of every chess game It is the decisive point of the opposition between two fighting minds and consequently one must be prepared before reaching it The goal of every chess game is the same to deliver checkmate Doing so requires much more than playing well in the opening and middlegame It requires understanding of endgame fundamentals knowledge of common checkmate patterns and more For centuries chess experts have studied chess endgames and developed sound and effective theory around the topic Prepare Yourself for Every Battle This book contains the theoretical content you will need to develop a basic understanding of chess endgame fundamentals It will enable you to deliver checkmate more often and more efficiently by providing the following Basic endgame strategies Rules to keep in mind and apply during chess endgames Tips for establishing positional advantages in the endgame Examples of fundamental endgame positions Diagrams and illustrations to help you visualize the chess board while learning about the endgame Common checkmate patterns illustrated and analyzed for your understanding A real life

example of an endgame battle between two chess grandmasters Become a Checkmate Machine After reading this book you will have a better understanding of what the endgame is when it starts and what to do once it has You will know exactly what moves to look for at each turn and what moves to avoid to improve your position and give yourself a decisive advantage Lastly you will familiarize yourself with some of the most common checkmate patterns and thus learn to quickly deliver checkmate in various endgame scenarios As a result your game will improve and you will begin to win more games So don't hesitate If you want to learn to deliver checkmate now is the time Just scroll up and grab your copy now **Endgame**

Preparation Jon Speelman,1981 An advanced analysis of important areas of the chess endgame in which complex positions are re evaluated by the author who makes a number of significant improvements on previous assessments

Comprehensive Chess Endings: Pawn endings ,1983 **Practical Endgame Play - Beyond the Basics** Glenn

Flear,2007 Here at long last we have it A new type of endgame book A book which explains how to handle those positions that frequently occur in practical play but curiously are hardly ever the subject of theoretical works Most endgame books rely upon recycling established theory on basic positions or concentrate on fantastical studies This one is different Well known Grandmaster and endgame expert Glenn Flear examines in depth all endgames which feature either two pieces for each side or two pieces against one Why is this an important subject Because these situations arise surprisingly frequently in practical play For example an examination of any big database will reveal that the endgame of rook and minor piece versus rook and minor piece arises in nearly 20% of games That means that if you open with 1 e4 you are more likely to reach one of these endgames than you are to face the French Defence And overall every time you sit down to play a game of chess there is nearly a 50% chance that you will reach one of the endgames covered in this book If you can handle such endgames well your results will inevitably improve This book will show you how

Chess Endgame Books Introduction

In today's digital age, the availability of Chess Endgame Books books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Chess Endgame Books books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Chess Endgame Books books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Chess Endgame Books versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Chess Endgame Books books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Chess Endgame Books books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Chess Endgame Books books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited

period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Chess Endgame Books books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Chess Endgame Books books and manuals for download and embark on your journey of knowledge?
