Understanding Old Testament Theology Brittany Kim,Charlie Trimm,2020-12-22 The discipline of Old Testament theology seeks to provide us with a picture of YHWH and his relationship to the world as described in the Old Testament But within this discipline there are many disagreements about the key issues and methodologies Is the Old Testament unified in some way Should the context of the theologian play a role in interpretation Should Old Testament theology merely describe what ancient Israel believed or should it offer guidance for the church today What is the relationship between history and theology All these considerations and more result in so many different kinds of Old Testament theologies and so many publications that it s difficult for students pastors and laity to productively study this already complex field In *Understanding Old Testament Theology* professors Brittany Kim and Charlie Trimm provide an overview of the contemporary approaches to Old Testament theology In three main sections they explore various approaches Part I examines approaches that ground Old Testament theology in history Part II surveys approaches that foreground Old Testament theme s Part III considers approaches that highlight different contexts for doing Old Testament theology Each main chapter describes both common features of the approach and points of tension and then offers a test case illuminating how it has been applied to the book of Exodus Through reading this book you ll hopefully come to see the Old Testament in a fresh light as something that s alive and active continually drawing us into deeper encounters with the living God

Four Views on Moving Beyond the Bible to Theology Zondervan, 2009-12-01 Learn to identify evaluate and refine your approach to forming theological conclusions based on the biblical text The Bible has long served as the standard for Christian practice yet believers still disagree on how biblical passages should be interpreted and applied Only when readers fully understand the constructs that inform their process of moving from Scripture to theology and those of others can Christians fully evaluate teachings that claim to be biblical In this book part of the Counterpoints series scholars who affirm an inspired Bible relevant and authoritative for every era present models they consider most faithful to Scripture Walter C Kaiser Jr Principializing Model Daniel M Doriani Redemptive Historical Model Kevin J Vanhoozer Drama of Redemption Model William J Webb Redemptive Movement Model Each position receives critiques from the proponents of the other views Moreover due to the far reaching implications this topic holds for biblical studies theology and church teaching this book includes three additional reflections by Christopher J H Wright Mark L Strauss and Al Wolters on the theological and practical interpretation of biblical texts The Counterpoints series presents a comparison and critique of scholarly views on topics important to Christians that are both fair minded and respectful of the biblical text Each volume is a one stop reference that allows readers to evaluate the different positions on a specific issue and form their own educated opinion *Four Views on Divine Providence* Paul Kjos Helseth, 2011 Four different scholars present their positions in this book to guide students pastors and lay learners to consider and evaluate various ways of understanding God's involvement in the world especially in relation to views on predestination and the extent of the atonement Power and Responsibility in Biblical Interpretation Alissa Jones Nelson, 2014-10-14 Power and Responsibility in Biblical Interpretation addresses the interpretive challenges now facing much biblical interpretation Incorporating the methodologies of poststructuralism postcolonialism and liberation theology the study presents a possible methodology which integrates scholarly and vernacular hermeneutics The approach is based on the theories of Edward Said adapting his concept of contrapuntal reading to the interpretation of Job The book sets this study in the broader context of a survey of current work in the field The analysis of Job examines the possibilities for dialogue between those interpretations that view suffering as a key theme in the book and those that do not Interpretations of the

Book of Job are then compared to the psychology of suffering as experienced in various contexts today The conclusion argues for pedagogical reform based upon the ethical and interpretive insights of contrapuntal hermeneutics **Counterpoint**

George Alexander Macfarren,1879 Sacred Texts and Paradigmatic Revolutions J. David Stark,2014-01-16 This volume applies a rhetorical discourse method to the Yahadic manuscripts and Romans to show how community leaders uniquely determined specific hermeneutical rules axioms and paradigms for their communities Stark examines the Yahadic texts using Thomas Kuhn s arguments about scientific paradigms and their shifts as a framework for considering the patterns through which Paul and the Yahad interpret their scriptures Stark outlines the three ways in which the Teacher determined the perspective from which the Yahad approached its scriptures Following this he analyses the Romans and the three thematic ways that Jesus determined the perspective from which Paul approached his scriptures Despite strong similarities between them the paradigms under which the Yahad and Paul operated moved them to fundamentally different understanding of the kinds of faithfulness they should exhibit towards those whom they received as Yahweh s appointed agents The Yahad understood faithfulness to the Teacher within the context of Torah but Paul understood the Torah within the context of Abraham style faithfulness to Jesus **War in the Bible and Terrorism in the Twenty-First Century** Richard S.

Hess,Elmer A. Martens,2008-06-30 In February 2004 Denver Seminary s annual Biblical Studies conference addressed the question of modern war and the teachings of biblical ethics regarding it The conference was envisioned as a collaborative effort between the Association for Christian Conferences Teaching and Service ACCTS and the Biblical Studies division of Denver Seminary A year earlier the invasion of Iraq had taken place The questions created by the outbreak of war prompted an urgency in the consideration of the topic ACCTS which sponsors international symposia in military ethics with officers from armed forces around the globe provided ethicists and practitioners from within the military of both the U S and Great Britain Hess and Martens also solicited papers from leading theologians and advocates representing pacifist and just war views They have succeeded in bringing together in this fine volume a group of Christians representing a wide range of perspectives to debate and discuss their heritage and biblical roots with regard to questions of war and its ethical dilemmas

Models of Premillennialism Sung Wook Chung,David L. Mathewson,2018-08-27 The meaning of the millennium the thousand year reign of Christ spoken of in Revelation 20 has been controversial for much of the church s history and even the main perspectives on the matter turn out to be more variegated than is often realized This book takes the oldest of those options premillennialism and offers an excellent introduction to a variety of models of premillennialism currently available including classical dispensationalism progressive dispensationalism historic premillennialism thematic premillennialism and historic premillennialism in Asian context The product of collaboration between a systematic theologian and a New Testament scholar this book provides a fascinating reference tool for anyone interested in what Scripture teaches about the last things of redemptive history the Parousia and the millennial kingdom The Counterpoints Library 2. 0: Complete

Strickland, 2020-05-19 The Counterpoints Library 2.0 Complete 38 Volume Set is a value for readers total retail value is over 775 it features today's top thinkers and covers diverse topics including the historical Adam hell biblical inerrancy baptism divine providence evolution the rapture eternal security the atonement homosexuality and much more Romans: Three Exegetical Interpretations and the History of Reception Daniel Patte, 2018-07-26 In the first of a three volume work Daniel Patte presents three very different critical exegeses of Romans 1 arguing that all are equally legitimate and hermeneutically plausible By expanding upon and respecting the exegeses of many erudite scholars of the last two centuries Patte concludes that three families of vastly different critical interpretations are fully justified traditional philological and epistolary studies rhetorical and sociocultural studies and figurative studies of the coherence of Paul's teaching Arising from a long standing interdisciplinary investigation of many receptions of Romans in light of recent diversification of exegetical methodologies Patte concludes that the interpretation of a scriptural text necessarily involves making a choice among equally legitimate and plausible alternatives and second that this choice is always contextual and ethical When these points are denied by failing to respect the interpretations of others and absolutizing one's interpretation instead of being a scriptural blessing Romans becomes a deadly weapon against others heretics Jews Shoah and many others The result is a threefold commentary of Romans 1 that is unique in its scope and thorough going exegesis Second Thoughts about the Second Coming Ronald J. Allen, Robert D. Cornwall, 2023-02-28 Various ideas float around about the subject of last things leading many Christians to conclude that they don't know what to think about the subject Yet at the core of the Christian doctrine of last things lies two simple and complementary hopes that God ever and always offers hope for our individual futures and for the future of the whole world In this helpful book Allen and Cornwall explain how we don't have to subscribe to sensationalist theories or sketchy interpretations to believe in Christian hope They walk the reader through the central biblical teachings on last things and then show the ways the church has interpreted those teachings throughout the centuries In a respectful way the authors demonstrate that end time beliefs centered on the Rapture came into existence only recently and they then offer several more life affirming contemporary interpretations as alternatives The book includes a study guide and web based appendixes designed to help pastors develop both topical and lectionary based sermon series on Christian hope The Invention of Ancient Israel Keith W. Whitlam, 2013-11-19 The Invention of Ancient Israel shows how the true history of ancient Palestine has been obscured by the search for Israel Keith W Whitlam shows how ancient Israel has been invented by scholars in the

image of a European nation state influenced by the realisation of the state of Israel in 1948 He explores the theological and political assumptions which have shaped research into ancient Israel by Biblical scholars and contributed to the vast network of scholarship which Said identified as Orientalist discourse This study concentrates on two crucial periods from the end of the late Bronze Age to the Iron Age a so called period of the emergence of ancient Israel and the rise of an Israelite state under David It explores the prospects for developing the study of Palestinian history as a subject in its own right divorced from the history of the Bible and argues that Biblical scholars through their traditional view of this area have contributed to dispossession both of a Palestinian land and a Palestinian past This controversial book is important reading for historians Biblical specialists social anthropologists and all those who are interested in the history of ancient Israel and Palestine

there may appear to be internal inconsistencies with accounts that subscribe to classical trinitarianism and Reformed Christological agency this book argues that Owen helps us recover an understanding of christological agency that is internally coherent and theologically prudent As such the Reformed tradition can articulate Christological agency in a way that is coherent with the testimony of Scripture the ecumenical councils and classical trinitarianism while contributing to contemporary theological discussions The case not only provides terminological clarity and theological coherence but also inclines Christians to appreciate the trinitarian love of God in Christ s action and the human sympathy of Christ for his people
