Philosophy, Who Needs It? Jason D. Crowder, 2016-03-02 Too often skeptics charge Christians with having a blind faith Unfortunately believers have added fuel to the charges of skeptics by speaking of their faith illogically But the Christian faith is not a blind faith In fact biblical faith is never a blind irrational faith Christianity rests firmly on the stone that was rejected by the builders which has become the cornerstone Jesus Christ Acts 4:11 Living biblically requires thinking biblically just as to think biblically entails to live biblically as Winfried Corduan notes in the Foreword As followers of Christ believers cannot separate biblical thinking and biblical living These two behaviors are eternally connected not only in the person of Jesus Christ but they stem from the eternal being of God the Father and his eternal truth Christ mandates that his followers love God with their entire being heart soul mind and strength Mark 12:30 How are believers to go about living out this biblical mandate Christian faith is a warranted belief This is why it is so essential that Christians recognize the value and importance of philosophy and its proper place in Christendom and in the Christian's walk

Living Vocationally Paul J. Wadell, Charles R. Pinches, 2021-01-27 In the thick of modern life we are tempted to forget what we are doing and why we are doing it We are busy socializing building careers and looking for fun but what's it all for The ancient concept of vocation has recently gained popularity as we return to questions about the meaning of life Almost all religions include the idea that divine purposes should guide our lives Christianity has particularly accented it The God who called Israel and sent Jesus has something in mind for us God's call challenges us but also opens us to the best sort of life imaginable In Living Vocationally the challenge and the joy of the

called life is thoroughly explored Part one considers the benefits of living vocationally biblical traditions of call and subsequent Christian understandings Part two examines why vocation pertains not only to careers but indeed touches every dimension of our lives and encompasses our full journey through life Because every person's life includes many callings some very difficult part three considers the virtues we need to live the called life well Living Vocationally demonstrates why to have found a calling is to have found a good way to live

You Have a Calling Karen Swallow Prior, 2025-08-05 Some people are lucky enough to get paid to do what they love But many are not What if your vocation doesn't align with your passion In *You Have a Calling* award winning author Karen Swallow Prior has encouraging news If we pursue the good true and beautiful in all our work we will find our greatest fulfillment In an age when passion and calling are often confused Prior helps readers understand that passions come from within and calling or our vocation comes from without and is about being called by others to serve That crucial distinction can help us understand how God can use both our passions and our work even if for different purposes This book will appeal to everyone who wants to know that their daily work ordinary though it may be can fulfill a higher calling to God Readers will emerge with a renewed sense of purpose knowing they are created for virtue in all they do because they are created in the image of God

Thinking Theologically about Language Teaching Cheri L. Pierson, Will Bankston, 2017-08-31 Christians can often overlook the need to bring their daily vocations in accord with the reality created sustained and purposed through Christ This is no less true for language teachers who find themselves at a difficult interdisciplinary crossroads where the paths of linguistics culture and education merge This challenge should not discourage these educators but instead aid them in their journey to form a pedagogy rooted in theological truths from Scripture one that provides a nuanced approach that glorifies God in a manner specific to the language classroom The contributors of this book outline why and how theology must inform teaching methods so that Christian language educators might better serve their students with both faith and excellence thereby pointing them to the communicative God whose image they bear
