The Investigator Training Series, For Private Investigators
Charles Neuf, CPP, 2011-08-25 A complete training series for Private investigators Legal Investigators and Private Detectives How to perform investigations make the report and bill the client for services Includes forms for Investigations Contracts for starting the Investigation

Prosecutors and Investigators Professional Courses Training Manual (Ethiopia) Didi Wamukoya, 2023-06-01 Constant changes in modus operandi of criminals and wildlife criminals working in organized groups coupled with illegal online trade and the large sums of money changing hands between criminals have made wildlife cases more complex than they were before The role of a prosecutor and investigator in the criminal justice system is pivotal The prosecutor and investigator must work closely together for successful cases The prosecutor represents society and the public

interest in criminal cases taking into account both the rights of the individual and the need for an effective criminal justice system. As such, it is important that the prosecutor possess knowledge and skills necessary to perform his/her daily duties in accordance with the law and to the country's prosecution policies. To ensure continuing education and that prosecutors maintain desired standards of practice, the On the Job Support Training (OJT) comes in as an integral part of prosecutor training and skills development. The investigator, on the other hand, is responsible for putting together a solid criminal case to ensure effective prosecution and deterrent sentencing. The Investigator's roles include managing crime scenes, proper identification, acquisition, storage, chain of custody of evidence, and proper case management. It is therefore paramount that a wildlife crime investigator properly understands all facets of wildlife crime, including modus operandi of offenders. The investigator also must keep abreast with new techniques and methods used to resolve crimes and manage cases. The OJTs ensure that wildlife crime prosecutors and investigators have the best competencies to deal with wildlife crimes and emerging related crimes that exacerbate wildlife crimes, including transnational organized crime, cybercrime, corruption, and money laundering. The OJTs aim at identifying weaknesses and knowledge and skill gaps among wildlife crime prosecutors and investigators and curing those weaknesses. They also aim at improving communication and collaboration among prosecutors and law enforcement agencies. In addition, the value of OJTs can be related to specific outcomes such as properly worked case files, prosecution-guided investigations, use of supporting legislation, proper investigation and prosecution, and ultimately deterrence of wildlife offenders. The aim of the OJTs is to ensure the successful investigation and prosecution of wildlife cases, leading to deterrent sentencing. The OJTs impart the necessary knowledge and skills in the investigation and prosecution of wildlife crimes, develop professional, ethical, impartial, and independent investigators and prosecutors, foster better professional cooperation among investigators, prosecutors, and the judiciary, and broaden investigators' and prosecutors' knowledge of regional and international best practices. The OJTs also aim at overcoming any weaknesses in the law and in practice that may hamper the success of investigation and prosecution of wildlife crimes. The continuous mentorship and enhancement of investigators' and prosecutors' knowledge and skills will result in stronger prosecutions and deterrent sentences for wildlife crimes. The general objective of the OJT is to broaden and deepen the investigators' and prosecutors' knowledge and skills in the investigation and prosecution of wildlife crimes. It is expected that at the end of the OJTs, the investigators and prosecutors will have acquired knowledge and skills on:

- a) Evidentiary and procedural considerations when investigating and prosecuting wildlife crimes
- b) Professional and ethical practices in the investigation and prosecution of wildlife crimes
- c) Trial advocacy and written and oral advocacy in prosecution of wildlife crimes
- d) Evidence and case management in wildlife crimes
- e) Professional networking and cooperation
- f) Regional practices and international best practices
