Ward, Robert S. Freeman, Judith M. Nixon, 2015-11-15 Academic E Books Publishers Librarians and Users provides readers with a view of the changing and emerging roles of electronic books in higher education The three main sections contain contributions by experts in the publisher vendor arena as well as by librarians who report on both the challenges of offering and managing e books and on the issues surrounding patron use of e books The case study section offers perspectives from seven different sizes and types of libraries whose librarians describe innovative and thought provoking projects involving e books Read about perspectives on e books from organizations as

diverse as a commercial publisher and an association press Learn about the viewpoint of a jobber Find out about the e book challenges facing librarians such as the quest to control costs in the patron driven acquisitions PDA model how to solve the dilemma of resource sharing with e books and how to manage PDA in the consortial environment See what patron use of e books reveals about reading habits and disciplinary differences Finally in the case study section discover how to promote scholarly e books how to manage an e reader checkout program and how one library replaced most of its print collection with e books These and other examples illustrate how innovative librarians use e books to enhance users experiences with scholarly works

*E-books in Libraries* Kate Price, Virginia Havergal, 2011 Despite the fact that e books have been in existence for decades in various guises and added to library collections for several years now there has been a noticeable lack of published manuals on the subject This is doubtless owing to the rapidly evolving nature of the market There is now a plethora of different types of digital object that may be termed e books and a bewildering number of business and access models to match Moreover the pace of change shows no sign of abating but there is an increasing amount of popular interest in e books and what is needed is practical information to assist library and information professionals managing collections of e books and doing their best to inform their users right now The book is divided into five parts The production and distribution of e books Planning and developing an e book collection Delivering e books to library readers Engaging readers with e books The future of e books Virginia Havergal BA Hons MSc MEd FIFL is a Learning Centres and e Resources Manager for Petroc a further education college in Devon Prior to this role she was an e Learning Advisor with JISC with a particular focus on Learning Resources Kate Price BA Hons MA MCLIP is Head of E Strategy and Resources at the University of Surrey

**E-book Platforms for Libraries** Mirela Roncevic, 2013 E book vendors continue to experiment adjustments to business models consolidation of content and mergers with competitors mean constant change What's good for innovation can equal confusion when it comes to choosing an e book platform for your library Making a sound purchasing decision requires research and close consideration of trade offs and Roncevic's new issue of Library Technology Reports will get you started Based on surveys of e book vendors with an established presence in academic public and or K 12 library markets this report includes Background and business model descriptions for 51 leading e book vendors Four tables comparing content technical specifications functionality and business models An at a glance overview of platforms including vendor website URLs Bulleted checklists of factors to consider and questions to ask vendors An examination of the blurring channels of publisher aggregator and distributor platforms with advice to help you avoid content overlap

**Editing and Publishing e-Books** Nicolae Sfetcu, 2015-01-01 You wrote a book Very nice But you didn't write to keep it for you You should publish it The problem is that the publishers charge high prices for some authors pockets and do it objectively due to the high cost of printing But you allowed that luxury and now you have a printed book with you as the author You can keep hundreds or thousands of volumes in your personal library and give it as a gift to your friends in special occasions or try to distribute in

various libraries You managed to distribute it the book is beautifully placed in shelves In time dust is spread on covers After a while the book is withdrawn It remains to use it as decoration at home or support for various household items But lucky for you there is an alternative cheaper and more effective in selling your book e Books e Book and online publishing market has evolved rapidly in recent years and a lot of companies have entered this market as publishers online bookstores or promoting e books
